OUR EXPERTISE

LOCAL EXPERTISE

With over 60 years of industry experience, Gescan has **26 stocking branches** located across Western Canada with **over 275,000 sq. ft of inventory**. We leverage our **multi-channel distribution network** and our powerful logistics to optimize our supply chain, offer competitive prices and deliver innovative solutions. Gescan is a proud member of the Sonepar family, **the largest B-to-B electrical distribution network in the world**. At Gescan, we leverage our strong global resource base, local expertise, and family oriented values to deliver **superior service**. Our digital solutions make us available **where you need us, when you need us; 24/7/365**.

GLOBAL FOOTPRINT

Sonepar's growing international footprint spans **three continents, 44 countries, 170 operating companies and 2,800 branches**. At Sonepar, our 46,000 associates strive daily to invent tomorrow's solutions. Around the world, **we make life easier for our customers** by anticipating and responding swiftly and effectively to their needs. Whatever the nature or size of their business, our goal is to **deliver the solutions best suited to their projects**. And with our global footprint, we aim to be "La Référence" – **the standard-setter in our industry**.

MARKETS WE SERVE

- Scalable PLC Solutions
- Drives and Soft Starters for Pump Applications
- Harsh Location Enclosures
- Harsh / Hazardous Area Lighting
- Screens and Operator Interface
- Secure Web Communication

IN STOCK AT GESCAN

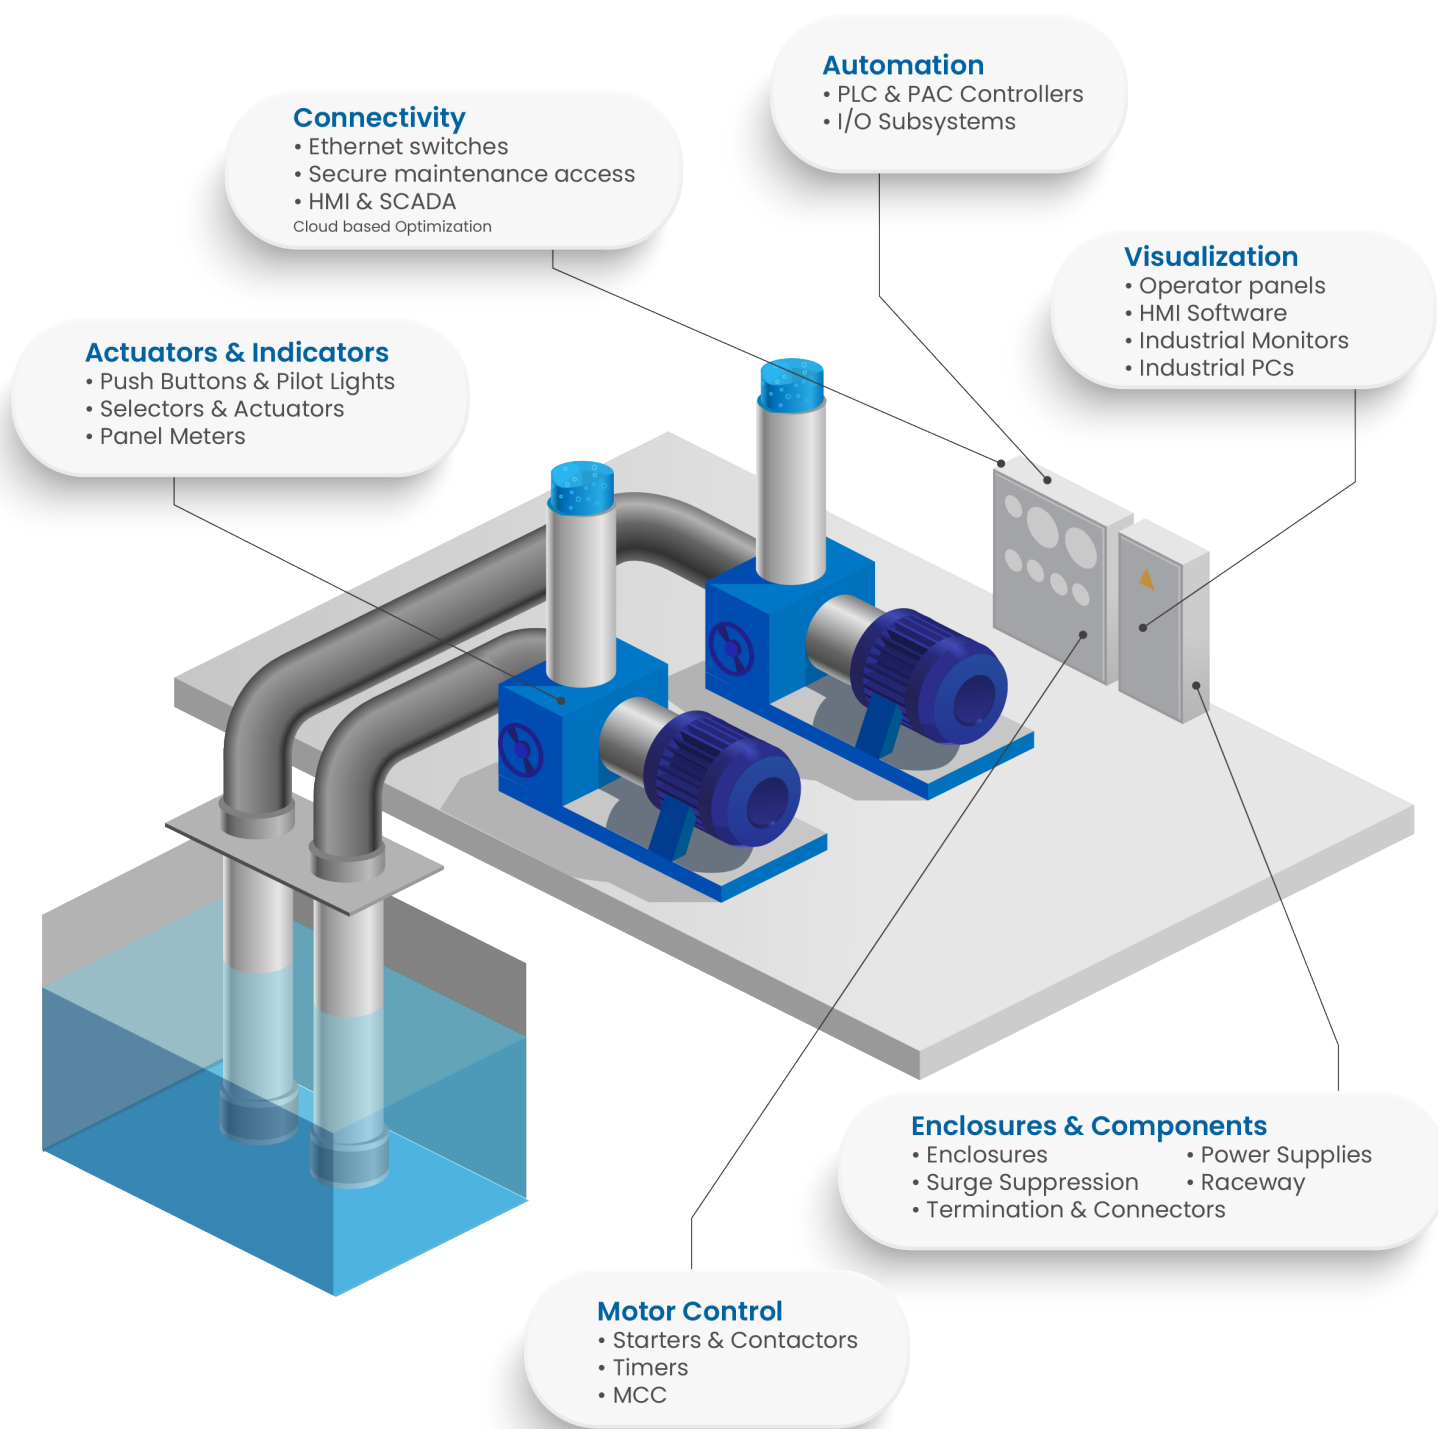

- Motor Control
- Terminal Blocks
- Surge Suppression
- Power Supplies
- Ty Raps and Termination
- Secure Web Communication
- Enclosures
- PLC's
- Wireway
- Wire
- Fuses

WATER WASTE WATER SOLUTIONS

- Automation Specialists
- Control Specialists
- Inventory Specialists
- Secure Web Communication
- VMI Capabilities
- Gescan App for reordering

OUR SOLUTIONS

Gescan's experienced automation group is there to help create smarter water systems with advanced automation and controls. Our goal is to work within your budget to help make your water process more efficient, reliable, cost effective, and self-managing. Our automation and controls portfolio provides an end-to-end solution from the sensor to the PLC and the HMI to the VFD.
