

## Working with Gescan

Gescan is Western Canada's largest privately owned electrical distributor providing business owners and contractors with industry-leading products, services and solutions for more than 65 years.

We pride ourselves on our superior customer service offering local expertise, inventory on-hand across our extensive branch network, and a seamless shopping experience — over the counter, by phone or online.

### Loyalty Program

Earn AIR MILES Reward Miles when you shop with us online or in store. Getting started with our Air Miles® reward program for electricians is easy and membership is free.

[Learn More](#)

### Credit Application

Quickly set up a contractor account. Text 'SETUP' to 778-784-7772 or select "Online Account Setup" via our live chat on [gescan.com](http://gescan.com) to talk to one of our representatives today.

## Local expertise, global presence

As a proud member of Sonepar, the world's largest business-to-business electrical distributor, we leverage our multi-channel distribution network and powerful logistics to optimize our supply chain and deliver the industry's most innovative solutions.

## Digital Solutions

Convenience at your fingertips. With over 275,000 square feet of inventory, we have what you need, when you need it.

Our digital tools are designed to meet modern job site needs, saving you valuable time and money. Visit us online to see if items are in stock, save frequent purchases in your cart, check prices in real-time and order for next-day delivery and more.

[Learn More](#)

### Webshop

Shop online 24/7. Access contractor pricing, view available stock across all branches, download spec sheets and review quotes.

### Electronic Data Interchange

Conveniently initiate a direct electronic order transfer from your procurement system to Gescan's business operating system.

### eLink

Quickly and easily order regularly stocked items by sending us a PDF or Excel file of your purchase order, and we'll add it to our system for you. It's that simple.

### Vendor Managed Inventory

Effortlessly replace stock by scanning item barcodes using our mobile app. By scanning, you're directly registering the order into our system, reducing processing time.

### eQuotes

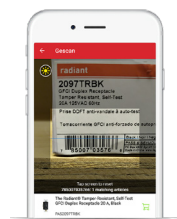

Request, view, modify and approve your quotes online any time before ordering. Once you're ready, simply head to our checkout. Your quote is converted directly in our system and prepared for you.

### Punchout

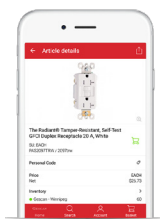

A direct webshop-like experience from within your own procurement system, Punchout transfers your shopping cart directly to Gescan's operating system.

## Gescan Mobile App

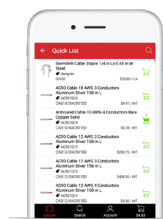

### SCAN & SEARCH

Scan and order products easily with the barcode scanner.

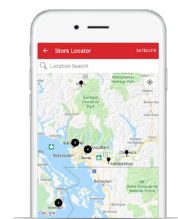

### PRICE & AVAILABILITY

View your real-time pricing, product details, and inventory availability.

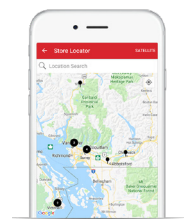

### QUICK LISTS

Add products to a new or existing list and edit your list anytime.

### STORE LOCATOR

View branch hours, contact information, location & directions.

### QUICK SELF-CHECKOUT

Avoid the lines using Scan & Go self-checkout directly from the app on your smartphone.

## Lighting & Controls

Contractors, architects, interior designers, engineers, developers and property managers trust our team of specialists to help design and implement innovative lighting solutions. With access to a wide selection of in-stock inventory, our specialists offer an array of best-in-class products with competitive prices.

- Rebate Estimates
- Energy Estimates
- ROI Estimates/Reporting

## Commercial LED Driver Replacement Program

Easily replace drivers on fixtures coming up on warranty.

At Gescan, we will program the driver for you to meet the original LED fixture specifications. The replacement driver will maintain the same light output as the previous version and is a cost-effective alternative to replacing the entire fixture. We offer drivers for downlight, linear troffer and outdoor/industrial fixtures.
