

Gescan is Western Canada's largest privately owned electrical distributor providing business owners and contractors with industry-leading products, services and solutions for more than 65 years.

We pride ourselves on our superior customer service offering local expertise, inventory on-hand across our extensive branch network, and a seamless shopping experience — over the counter, by phone or online.

As a proud member of Sonepar, the world's largest business-to-business electrical distributor, we leverage our multi-channel distribution network and powerful logistics to optimize our supply chain and deliver the industry's most innovative solutions.

Get more out of your process with our premier industrial products, services and solutions

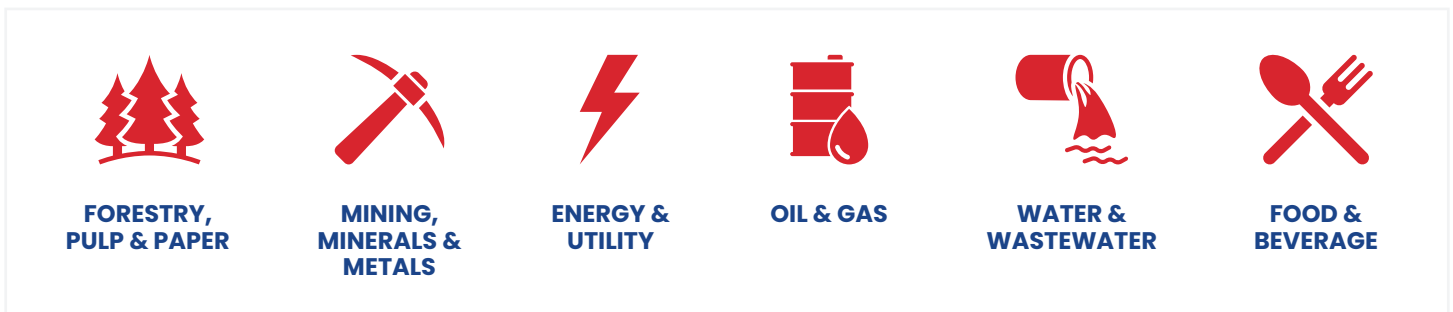

Whether you are developing a new control system for a process skid, designing a plant-wide control system or you need a specific component to optimize an existing control solution, Gescan can help.

Take advantage of cross-sector expertise, engineering and technical support from our teams of specialists. Together with industry-leading manufacturers and premier technology partners, our experts provide access to a wide selection of available inventory from multiple avenues, quick product sourcing and alternative recommendations, bringing more choice and higher quality to your projects.

Markets we serve

With everything from sensors to cyber security to build out your control system, our combination of knowledge, technical resources, support services and product breadth allows us to provide complete and tailored solutions for a variety of markets.

Premier products

As a leading distributor of automation, industrial controls and power distribution products, we offer a comprehensive range of technology, products and application solutions from leading industry manufacturers.

AUTOMATION

- ✔ PLC
- ✔ IPC
- ✔ Software
- ✔ Ethernet Switches
- ✔ HMI
- ✔ Cyber Security
- ✔ Power Supplies

MOTOR CONTROL

- ✔ Drives
- ✔ MCCs
- ✔ Contactors
- ✔ Overloads
- ✔ Push Buttons
- ✔ Terminal Blocks
- ✔ Relays & Timers

ENCLOSURES

- ✔ Free Standing
- ✔ Wall Mount
- ✔ Rack
- ✔ Class Rated
- ✔ Non-Metallic
- ✔ Wireway
- ✔ DIN Rail

WIRE & CABLE

- ✔ Teck
- ✔ Heat Trace
- ✔ Teck Connectors
- ✔ Cable Bus
- ✔ Trays
- ✔ Panel Wiring

LIGHTING

- ✔ Industrial
- ✔ Hazardous Location
- ✔ Emergency Lighting

MOTOR CONTROL

- ✔ Terminal Blocks
- ✔ PIN & Sleeve
- ✔ Wire Management
- ✔ Printing & Labelling
- ✔ Teck Connectors

ENCLOSURES

- ✔ Photo Sensors
- ✔ Proximity Switches
- ✔ Light Curtains

WIRE & CABLE

- ✔ Ruffneck
- ✔ CCI Thermon
- ✔ Stelpro
- ✔ Raychem

SAFETY

- ✔ Light Curtains
- ✔ Safety Relays
- ✔ Safety PLCs
- ✔ E-Stops
- ✔ Stack Lights
- ✔ Push Buttons
- ✔ Alarming
- ✔ Lockout Tagout

TOOLS & METERS

- ✔ Hand Tools
- ✔ Battery Powered Tools
- ✔ Hole Making Tools
- ✔ Wire Pulling Tools
- ✔ Multi Meters
- ✔ Clamp on Meters
- ✔ GFI Testers
- ✔ Light Meters
- ✔ Non-Contact Voltage Testers

ENCLOSURES

- ✔ Terminal Blocks
- ✔ Panels & Breakers
- ✔ Safety Switches & Splitters
- ✔ Transfer Switches
- ✔ Meters & Fuses
- ✔ Combiners & Transformers
- ✔ Power Supplies

WIRE & CABLE

- ✔ Marking Systems
- ✔ Hazardous Area Hand Lamps
- ✔ Static Ground Reels
- ✔ Temporary Power Panels
- ✔ Temporary Lighting
- ✔ Custom Enclosures
- ✔ Cable Bus
- ✔ NGRs

Optimize operations with solutions from our team of industry experts

Committed to exceeding expectations, discover how we can assist in the design and implementation of custom solutions tailored to your application needs. Our specialists strive to deliver productivity gains along with system ease to deliver high operational performance through the lifetime of your assets.

SERVICES

- ✔ Engineered-to-Order
- ✔ Document Management
- ✔ Project Life Cycle Management
- ✔ Close Out & Commissioning

AUTOMATION & CONTROLS EXPERTS

We have more than 30 years of experience with Emerson Automation (previously GEIP) PLC & IO products, HMI SCADA Software and Operator Interface products in a wide range of end-user and OEM applications. Our experienced and diverse team of automation specialists provide tailored industrial solutions to complex problems.

PROJECT MANAGEMENT

Gescan's Industrial Projects Team offers engineering, consulting, assessments and more to take you from project conception to completion on time and within budget. Our specialists work with you to fully understand and solve your most complex industry-specific challenges. They also work in collaboration with other internal Gescan specialist teams, such as Automation & Controls, Power Distribution and Information Communications Technology, to provide you with a complete and tailored solution.

SERVICES

- ✔ Quotations & Proposals
 - Specifications & Design Assist
- ✔ Project Management
 - Document Control
 - Change Management
 - Logistics & Material Tracking
 - Project Reconciliations

Additional Services

AUTOMATION TRAINING

Our PROFICY Machine Edition Logic Developer Level 1 course familiarizes students with the control logic development tool suite used to program Emerson's family of industrial control hardware.

VENDOR MANAGED INVENTORY

Our Vendor Managed Inventory supply chain solution is a simple way to maintain appropriate stock levels while streamlining inventory management, optimizing order procurement and costs, consolidating bills and better anticipating inventory needs.

MRO INVENTORY

Keep production running smoothly, reduce potential downtime, and make your customers happy by always having what you need to keep your business performing at its peak with our Maintenance, Repairs and Operations Inventory solutions.

Gescan Solutions

VALUE-ADD ASSEMBLY SERVICES

With Gescan Solutions, our expert technicians are dedicated to providing a full range of value-add assembly services including switchboards, meter centres, panelboards and custom enclosures. We can also provide custom mounts, racking and other machine-made metal modifications with our in-house machine shop.

Rapid turnaround

For those seeking quick solutions, our team ensures your projects are ready within weeks.

Cost-effective, custom solutions

From distribution panelboards to specialized Controlled Test and Qualifications (CTQs), our team crafts tailored solutions to meet your needs.

Expertise you can trust

Our skilled technicians guide your project from concept to production, ensuring precision and quality at every step.

Quality partnerships

Access top-tier, tailored products from industry leaders like Siemens, Panduit, nVent, Hoffman and more for your projects.

Our Value-add Assembly Services

- ✔ Assembling distribution and lighting panelboards
- ✔ Crafting custom Critical-to-Quality (CTQ) components
- ✔ Building gearboxes and mechanical assemblies
- ✔ Installing enclosed and moulded-case circuit breakers
- ✔ Modifications to circuit breakers
- ✔ Installation of breakers in various enclosures
- ✔ Adding shunt trips, auxiliary contacts and more
- ✔ Panelboard modifications
- ✔ Designing Current Transformer (CT) cabinets with breaker combos
