“ Our mission is to be guided by our relentless focus on our five imperatives – Conviction, Drive, Extraordinary, Honest & Celebrate. ”

– Jeff Derkuch, President of Gescan

LOCAL EXPERTISE

With over 60 years of industry experience, Gescan has **26 stocking branches** located across Western Canada with **over 275,000 sq. ft of inventory**. We leverage our **multi-channel distribution network** and our powerful logistics to optimize our supply chain, offer competitive prices and deliver innovative solutions. Gescan is a proud member of the Sonepar family, **the largest B-to-B electrical distribution network in the world**. At Gescan, we leverage our strong global resource base, local expertise, and family oriented values to deliver **superior service**. Our digital solutions make us available **where you need us, when you need us; 24/7/365**.

GLOBAL FOOTPRINT

Sonepar's growing international footprint spans **three continents, 44 countries, 170 operating companies and 2,800 branches**. At Sonepar, our 46,000 associates strive daily to invent tomorrow's solutions. Around the world, **we make life easier for our customers** by anticipating and responding swiftly and effectively to their needs. Whatever the nature or size of their business, our goal is to **deliver the solutions best suited to their projects**. And with our global footprint, we aim to be **“La Référence” — the standard-setter in our industry**.

DIGITAL SOLUTIONS

We are committed to providing you with convenient, easy-to-use digital tools that make us available to you where you need us, when you need us. Our Digital Solutions, which are ever-evolving, include our Mobile App, Gescan.com, eLink, eQuote, Electronic Data Interchange, Vendor Managed Inventory and Punchout.

SCAN ME

WEB SHOP

Visual catalogue that allows customers to purchase online at any time. The customers' branch pricing is loaded each time they login to their account.

EDI - ELECTRONIC DATA INTERCHANGE

Allows the customer to initiate a direct electronic order transfer from their procurement system to Gescan's business operating system.

E LINK

A customer can send a PO by email (in PDF or Excel format) which gets dynamically loaded as an order into Gescan's business operating system.

VMI - VENDOR MANAGED INVENTORY

Allows the customer to replenish stock using a Gescan provided digital scanner that directly registers the order into our operating system.

EQUOTE

A tool for Gescan to send a quote to the customer via Gescan.com. The customer logs into their online account to modify and approve the quote. Once they complete the checkout, the order gets loaded into Gescan's operating system.

PUNCHOUT

A direct webshop-like experience from within the customers procurement system that transfers their shopping cart directly to Gescan's operating system.
