

WIRE & CABLE FOR COMMERCIAL HORTICULTURE

Reliable Wire & Cable Supply for Greenhouses

Robust wire and cable solutions are required for power, lighting, ventilation, and other systems that keep greenhouses operational. Whether you're working to maximize the efficiency of traditional crop yields or branching into an emerging industry, with one of Canada's largest inventories of both stock and specialty items, we've got you covered.

Every greenhouse project is unique and will have different electrical needs depending on the crops that are grown and the size of the facilities. As such, we work with you and your team to develop an electrical solution that works as hard as you do. We are here to ensure that you have the wire and cable you need to grow your business.

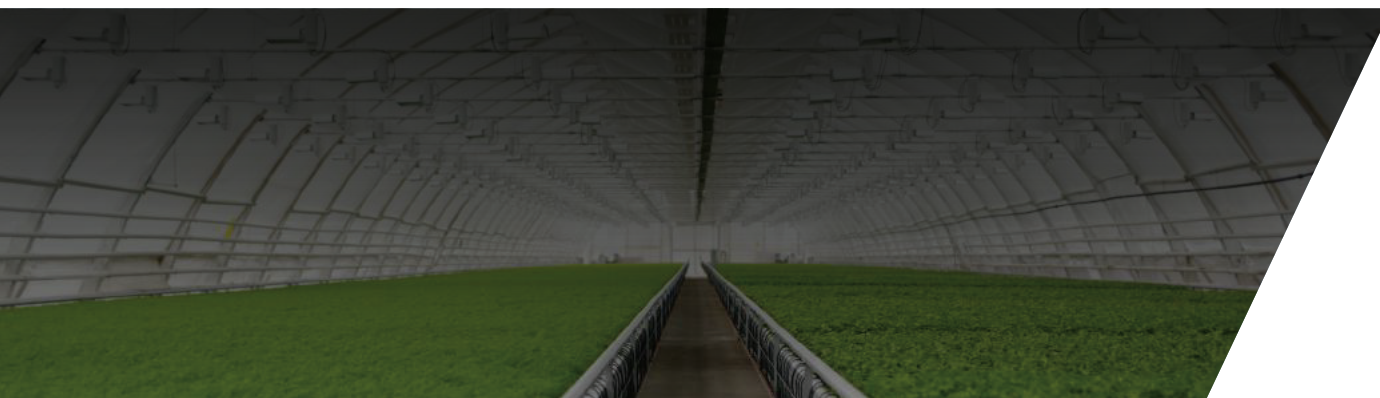

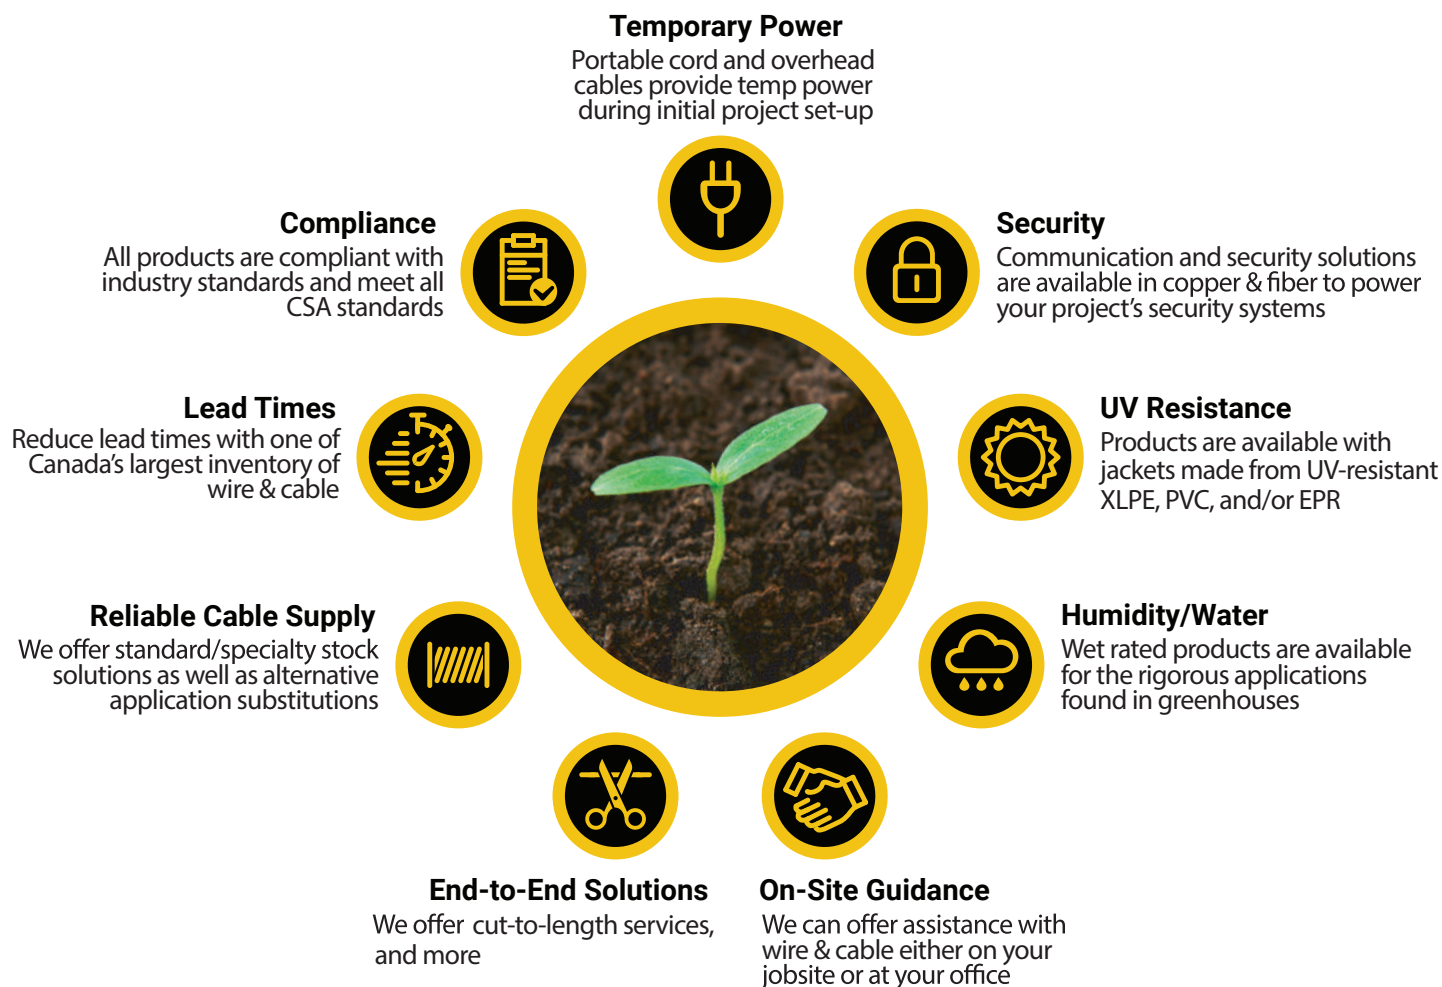

Commitment to Quality

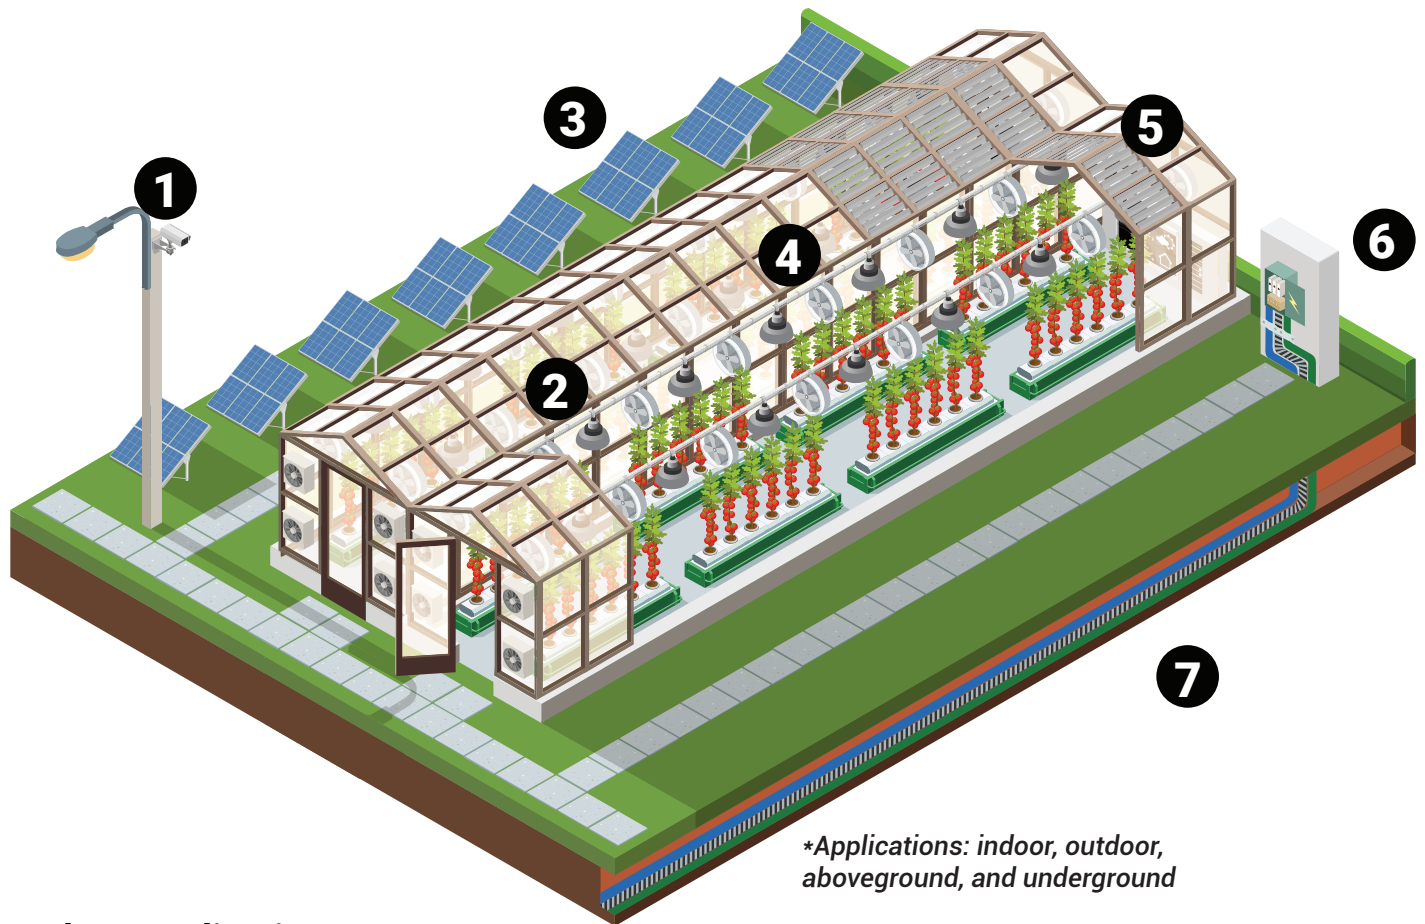

Electrozad is committed to providing products and services of the highest quality. Our Quality Management System, which was developed to surpass our customers' quality requirements, is certified to ISO 9001:2015. UV-resistant and FT4-rated products are available for order.

Project Management Experience

Since 1992, Electrozaad has worked with end users, procurement specialists, engineers, and contractors on projects of all sizes across Canada and overseas. We are your project partners and will support your team at every stage of the project, from start to finish.

From our experiences with horticultural facilities, we understand the importance of the following factors:

**Applications: indoor, outdoor, aboveground, and underground*

Temporary Power Cables

Overhead Line Cables

- Duplex, Triplex, Quadraplex

Power Extension Cords

- SJ00W, Type-S00W, W, G, GGC cables

Low Voltage Power Cables

ACWU

- 600V
- XLPE, AIA, PVC

RW90

- 600V
- XLPE, Copper/Aluminum, Bulk/Parallel Supply

Control Cables

- 600V
- IKV, XLPE, PVC
- FT4

Tray Control Cable

- 600V
- Flexible
- Tray rated

Security & Sunlight Resistant Cables

Coaxial Cable

- Multiple Constructions Available
- PVC, FEP, PVDF
- Shielded/Unshielded
- CCTV Solutions

Fiber Optic Cable

- Multiple Constructions Available
- Singlemode/Multimode
- Loose Tube/Tight-Buffered
- Armoured/Unarmoured

Sunlight Resistant Cable

- Multiple Constructions Available
- Low Voltage Thermoplastic
- Fire Alarm Cables
- Electronic Cables

Signal & Communication Cables

Instrumentation Cable

- 150V, 300V, 600V
- XLPE, PVC, AIA, or TC
- Shielded/Unshielded
- FT4

Category 5E and 6

- Multiple Constructions Available
- HDPE, Polyolefin, Fluoropolymer, PVC, AIA
- Shielded/Unshielded
- FT4, FT6

Cable Accessories

- Armoured/Unarmoured Connectors
- Cable Ties
- Cold/Heat Shrink Boots
- Compression Lugs

- Heat Shrink Tubing
- Splice Kits
- Termination Kits
- End-to-End Connector Solutions
