Throughout this document, AIG means AIG Life Limited.

Who is the Financial Conduct Authority?

The Financial Conduct Authority is a financial services regulator. It requires AIG to give **you** the important information contained within this document to help **you** to decide whether FRANKLi Life Insurance is right for **you**. **You** should read all the information carefully so that **you** understand what **you** are buying, and then keep it safe for future reference.

Which service will FRANKLi provide you with?

We arrange and issue the **policy** on AIG's behalf. **You** do not pay **us** for doing this. AIG send **us** a commission which is a percentage of the total monthly **premium**. **You** will not receive advice or a recommendation from **us** nor will **we** charge a fee for this service. **We** may ask some questions to narrow down the selection of benefits that **we** will provide details on. **You** will then need to make **your** own choice about how to proceed. FRANKLi only offer life insurance from AIG Life Limited.

What is FRANKLi Life Insurance?

FRANKLi Life Insurance provides a lump sum of money (**benefit amount**) if **you** were to pass away or suffer from a **terminal illness**. **You** can select a **benefit amount** up to £750,000 depending on **your** age.

This product meets **your** demands and needs if **you** want a **benefit amount** to be paid to help **your** family or to pay outstanding costs, such as to pay **your** mortgage, rent or household bills, should **you** die or **you** are diagnosed with a **terminal illness**.

Who can take out cover?

You are eligible to apply, if at the **start date** **you** are resident in the **United Kingdom** and aged at least 18 and under 85.

What is covered?

The **benefit amount** will be payable if the **life insured** dies or is diagnosed with a **terminal illness**.

The **benefit amount** will remain fixed throughout the duration of **your policy**, unless **you** select the Increasing Benefit Option.

What is the Increasing Benefit Option?

If **you** select the Increasing Benefit Option, the **benefit amount** for **your life insurance** will increase automatically each year on **your policy anniversary** in line with the **Retail Price Index (RPI)**, up to a maximum annual increase of 10%.

*For example, if the **benefit amount** was £100,000 and the RPI rate was 2%, the **benefit amount** would increase to £102,000 on the **policy anniversary**.*

At the same time as the **benefit amount** increase, the **premium** amount payable will also automatically increase. The **premium** will increase by 1.4 x the rate of the **benefit amount** increase.

*For example, if the **premium** payable was £20 per month and the increase in **benefit amount** was at a rate of 2%, the **premium** payable would increase by 1.4 x 2% (a rate of 2.8%). Therefore, on the **policy anniversary**, the **premium** amount payable would increase to £20.56 per month.*

Prior to each **policy anniversary**, **we** will send **you** confirmation of the new **benefit amount** and **premium** payable.

You can ask **us** at any time not to apply the automatic increase, in which case neither the **benefit amount** nor **your premium** will increase at the next **policy anniversary**. If **you** decide to opt out of 3 increases in a row, the Increasing Benefit Option will be permanently removed from **your policy** and there will be no further automatic **benefit amount** increases applied and **your premium** will remain fixed.

The Increasing Benefit Option may not be available to everyone.

What is not covered?

The **benefit amount** will not be paid if the **life insured** dies or is diagnosed with a **terminal illness** that is caused by an intentional self-inflicted injury that occurs within 12 months from the **start date** of the **policy**.

For full details about what is covered and what is not covered under FRANKLi Life Insurance, please refer to the Policy Terms & Conditions in sections 2 and 4 on page 13.

How much does cover cost?

The amount of **premium** payable will depend on:

- the **benefit amount(s)** selected;
- the **policy term** selected;
- whether **you** have selected the Increasing Benefit Option;
- **your personal circumstances**, for example age, health, lifestyle, family history and occupation.

The amount of **premium** payable for **your policy** will be stated in **your policy schedule** which will be sent to **you** at the time **you** are accepted for cover.

Your premium will remain fixed and will not change throughout the duration of **your policy**, unless **you** have chosen the Increasing Benefit Option in which case **your premium** will increase each year.

When does cover end?

The FRANKLi Life Insurance cover ends when the first of the following occurs:

- the date of death or payment of a terminal illness claim;
- the date you cancel the policy;
- the date AIG cancel the policy;
- if two consecutive premium payments are missed; or
- the date the policy term expires or the policy anniversary on or following the attainment of age 89.

The **policy term** can be between 5 and 40 years and is specified in **your policy schedule**.

General Information

What is my responsibility under the policy?

When **you** hold a FRANKLi Life Insurance **policy**, it is **your** responsibility to:

- ensure regular monthly **premiums** are paid throughout the duration of the **policy**;
- tell **us** when **you** change personal details e.g. name, address or bank details;
- check **your policy** annually, to ensure that it continues to meet **your** requirements;
- answer all the questions asked by **us** truthfully, accurately and completely to the best of **your knowledge** when applying for **your policy**; and
- check the **statement of fact** and inform **us** if there is anything that is inaccurate or incorrect. The **statement of fact** shows health and lifestyle information and is sent to **you** once **you** have been accepted for cover.

What are the things to consider?

No cash-in value

The **policy** has no cash-in value at any time.

Effects of inflation

The value of the **benefit amount** **you** select may not keep up with inflation and as such the value may reduce over time. If, however, **you** have chosen the Increasing Benefit Option, this can help protect against the effects of inflation.

Failure to pay premiums

If two consecutive **premium** payments are missed when due, **your policy** will end with no value and cover under this **policy** will no longer be provided.

Affordability

If **you** have chosen the Increasing Benefit Option, please consider that the **premium** payable will increase each year on **your policy anniversary**. If **your premium** payments cannot be met, then **your policy** will end and **you** will receive nothing back.

Inheritance tax

In the event of the **life insured's** death and the **policy** paying out to the estate, there may be an inheritance tax requirement. The **life insured** may be able to avoid inheritance tax by using an appropriate trust. If **you** require any additional information or are unsure about what to do, please speak with a financial advisor or solicitor. The Government may change the tax position described above.

Benefit amount may not be paid

If **you** do not disclose relevant and accurate information asked for when **you** apply for **your policy** and **you** do not let **us** know of any inaccuracies in the **statement of fact** that will be sent to **you** immediately after **your** application, **your** claim may not be paid and **your policy** may be cancelled, or only part of the **benefit amount** may be paid, depending on the circumstances.

How do I cancel the policy?

You have 30 days from the date on which **you** receive **your policy** documents to make sure **you** are happy with **your** cover and decide whether **you** want to keep it.

If **you** want to cancel **your policy**, **you** must contact **us** within the 30-day period for a full refund, subject to no valid claim being made.

If **you** cancel **your policy** after the 30-day period, then **you** will not receive any refund of **premium**.

If **you** request to increase the **benefit amount** after the **start date**, then the maximum **benefit amount** allowed (including, if applicable, any past **benefit amount** increases) will be based on the **life insured's** age and the maximum **benefit amount** limits applicable at the time of request.

4. What is not covered

AIG will not pay a **benefit amount** if the **life insured** dies or is diagnosed with a **terminal illness**, directly or indirectly as a result of an intentional self-inflicted injury, that occurs within 12 months from the **start date** of the **policy**.

If **you** later decide to apply to increase the **benefit amount** for a **life insured** (other than through automatic **benefit amount** increases under the Increasing Benefit Option), AIG will not pay the **benefit amount** increase if the **life insured** dies or is diagnosed with a **terminal illness**, directly or indirectly as a result of an intentional self-inflicted injury, within 12 months from the date the change is made.

- if two consecutive **premium** payments are missed; or
- the date the **policy term** expires or the **policy anniversary** on or following the attainment of age 89.

The **policy term** can be between 5 and 40 years and is specified in **your policy schedule**.

C General conditions and information about your policy

1. Premium payments

Your premium amount is calculated based on the **benefit amount you** selected, the **policy term you** selected, whether **you** have selected the Increasing Benefit Option and **your** personal circumstances, for example, age, health and lifestyle, family history and occupation.

The amount of **premium** payable will be stated in **your policy schedule** which will be sent to **you** at the time **you** are accepted for cover.

Your premium will remain fixed throughout the duration of **your policy**, unless **you** have chosen the Increasing Benefit Option.

Your premium will be debited from **your** nominated bank account monthly on the date of **your** choice. All **premiums** are to be paid in **United Kingdom** currency (£ sterling) from a **United Kingdom** bank account. **Premiums** are payable monthly.

2. Increasing Benefit Option

If **you** select the Increasing Benefit Option, the **benefit amount**, for **your** life **insurance**, will increase automatically each year on **your policy anniversary** in line with the **Retail Prices Index (RPI)**, up to a maximum annual increase of 10%.

*For example, if the **benefit amount** was £100,000 and the RPI rate was 2%, the **benefit amount** would increase to £102,000 on the **policy anniversary**.*

At the same time as the **benefit amount** increase, the **premium** amount payable will also automatically increase. The **premium** will increase by 1.4 x the rate of the **benefit amount** increase.

*For example, if the **premium** payable was £20 per month and the increase in **benefit amount** was at a rate of 2%, the **premium** payable would increase by 1.4 x 2% (a rate of 2.8%). Therefore, on the **policy anniversary**, the **premium** amount payable would increase to £20.56 per month.*

If the RPI rate is less than 0% then no change in **premium** or **benefit amount** will be applied.

Prior to each **policy anniversary**, **we** will send **you** confirmation of the new **benefit amount** and **premium** payable.

You can ask **us** at any time not to apply the automatic increase, in which case neither the **benefit amount** nor **your premium** will increase at the next **policy anniversary**. If **you** decide to opt out of 3 increases in a row, the Increasing Benefit Option will be permanently removed from **your policy** and there will be no further automatic **benefit amount** increases applied and **your premium** will remain fixed and will not change.

3. Missed premium payments

As soon as a **premium** payment is missed, **we** will try to contact **you** to discuss **your** payment arrangements and may also reattempt collection of **your premium** from **your** nominated bank account.

If two consecutive monthly **premium** payments are not paid, this **policy** will automatically end with no value and AIG will have no further responsibility in respect of this **policy**.

At AIG's absolute discretion, they may reinstate the cover if the outstanding **premiums** are paid to them in full, although they reserve the right to make any variation in the cover provided.

4. Changing your insurance

4.1 Changes you can make

You may apply, at any time, to change **your policy** during the period of **insurance**, however, AIG cannot guarantee that they will be able to make the changes **you** request. Any changes AIG accept may be subject to the payment of an additional **premium** based on the **life insured's** age and personal circumstances at the time of the request.

You can apply to make changes to **your policy**, including; updating personal details, or changing the **benefit amount**.

If **your policy** is changed, **you** will receive confirmation of these changes, including, if applicable, a new **policy schedule**. The new **policy schedule** will replace all previous versions issued.

4.2 Changing the benefit amount

If at any time **you** decide **you** would like to apply to increase the **benefit amount** for a **life insured** (other than through automatic **benefit amount** increases under the Increasing Benefit Option), AIG will not pay the **benefit amount** increase if the **life insured** dies or is diagnosed with a **terminal illness**, directly or indirectly as a result of an intentional self-inflicted injury, within 12 months from the date the change is made.

4.3 Changes to your medical circumstances after the policy starts

If, after the **start date**, **you** should suffer symptoms of, or are diagnosed with, or is treated for any new medical condition which **you** were unaware of before the **start date**, this will not affect the **policy** and **you** do not need to notify **us** of this change.

4.4 Changes AIG can make

AIG can change the terms and conditions of **your policy** that they reasonably consider are appropriate. These changes could affect the amount and type of cover provided under the **policy**. AIG may also make changes due to the result of a change to any applicable legislation or regulation of taxation. If AIG do decide to make any changes to **your policy**, **we** will write to tell **you** at least 28 days before the change takes effect.

5. Annual review of cover

It is **your** responsibility to review the cover annually to ensure it remains adequate for **your** needs.

6. Multiple policies

If the **life insured** is covered under more than one life insurance **policy** held with FRANKLi, the total **benefit amount** provided on death or **terminal illness** under all policies combined will be limited to that which would have applied under a single **policy** with the chosen **benefit amount** equal to the maximum **benefit amount** as illustrated in the 'Amount of Cover' section on page 13.

If a reduction in the amount provided is necessary due to the maximum limits being exceeded, the reduction will be applied to the **insurance policy** most recently commenced and the same proportion of associated **premiums** paid will be refunded.

7. Governing law

This **policy** is governed by the laws of England and Wales. All **policy** communication will be in English.
