

Zimbabwe Golf Association
c/o Royal Harare Golf Club
5th Street Ext
Harare

The Zimbabwe Golf Association (ZGA) is proud to become a signatory of the Women in Golf Charter. We commit to support its objectives and will actively engage our clubs, golfers, media and other relevant stakeholders to ensure that the goals of the charter are achieved in Zimbabwe.

We commit to a more inclusive culture as we progress.

In addition to signing the charter the following are the steps that have already been achieved to promote the inclusion of more women playing and administering golf:

- Our various sub- committees consist of women members. In particular the key member of the technical and handicapping committee is a woman and has been vital in the implementation of the WHS exercise.
- All our junior golf and development programs are not gender based and participation is encouraged regardless of gender.

It is also our short term plan to form one golf union in Zimbabwe and this will further enhance our ability to encourage more female participation in all spheres of the sport.

We look forward and commit to work with R&A and other relevant bodies to achieve the objectives of the charter.

President -Zimbabwe Golf Association
