

OhioHealth Outpatient Pharmacies

Simple. Easy. Convenient.

As an OhioHealthy member, you have access to OhioHealth's wide range of outpatient pharmacy services. We provide exceptional customer service and convenient user-friendly tools and resources to support all of your prescription needs.

We are part of the OhioHealth network.

Our pharmacy team is part of the OhioHealth family. Our direct connection to your physicians means:

- All your information stays in one place.
- Pharmacists work directly with your physician.
- Drug interactions and possible side effects are more easily assessed and avoided.

We make getting your prescriptions hassle-free.

- Request and track your refills through the OhioHealth MyChart app.
- Prescriptions can be mailed to your home at no charge. For faster service, stop by to pick up your prescription during our retail business hours, including specialty medications.
- Your prescriptions can be auto refilled so you never run out of your medications.

Our commitment to serving you.

- Pharmacist staff are always willing to offer support and answer questions.
- We will research and assist with cost-savings opportunities, such as copay savings cards.
