Does fabric meet California  
 Technical Bulletin 117-2013 Yes  No

California law Assembly Bill (AB) 2998, prohibiting sales of upholstered products containing FRs into California went into effect January 1, 2020.

Accordingly, Kimball International and its Brands will not produce any upholstered product that contains FRs for sale to the state of California.

We will require a written document from each fabric manufacturer stating the fabric does not contain FR's.

Fabric Country of Origin HTS Code

Is the fabric to be matched? Y N

NOTE: If fabric is to be matched, please submit a sample indicating pattern top and pattern center.

Fabric yardage is based on solid color 54" wide fabrics. Yardage requirements are greatly affected by size of repeat, as well as print or pattern.

**Pattern Information**

Indicate which direction the fabric is to be applied.

**Railroad** means the design of the pattern runs vertically from selvage to selvage. When viewing fabric from one of the selvage edges, any figures will appear upright. Stripes run perpendicular to the selvage edges. Railroad fabrics allow tailoring of one-piece backs or seat cushions of sofas without seams.

**Up the Roll(Non-Railroad)** means the design of the pattern runs horizontally from selvage to selvage. When viewing fabric from the selvage edge, any figures will appear sideways. Non-Railroad stripes run parallel with the selvage edges. Non-Railroad fabrics require seaming of fabric on one-piece backs and seat cushions greater than 54".
