LOCK OPTIONS

TO ORDER, SPECIFY

Specify exact key number for lock cores or model number for change or master key

Top drawers on bedside cabinets are available:

- Non-locking (standard)
- Key random with a black lock core and black hinged key (KRB \$86 upcharge);
- Key random with a silver (matte nickel) lock core and black hinged key (KRS \$86 upcharge); or
- Key specific (KS \$58 upcharge)

KEY RANDOM:

When key random option is selected, key numbers will be assigned arbitrarily at the factory with key numbers ranging from VCCB001 to VCCB300 (black) or VCCG001 to VCCG100 (silver)

Randomly numbered lock core(s) will ship standard along with your order for field installation

With random keying, different furniture units may or may not have the same key number. If you must have all locks keyed differently or all locks keyed the same, choose the key specific option

KEY SPECIFIC:

When key specific option is selected, the storage unit will be pre-drilled to accept a lock core; however, no lock cores will be shipped standard with the unit

You must specify lock core(s) separately for key specific option; specify any key number from VCCB001 to VCCB300 (black) or VCCG001 to VCCG100 (silver)

To key all the furniture units in a workstation or department alike, choose the key specific option and order the quantity of locks needed for your installation.

INSTALLING LOCKS:

Standard key that ships with the lock core can be used for the initial installation of the lock core in the field

CHANGING LOCKS:

IMPORTANT: A change key, specified separately, is required to remove lock cores in the field

MASTER KEY:

Master key is available

BLACK LOCK CORE

- Key numbers: VCCB001 to VCCB300
- Black hinged key

\$33

SILVER (MATTE NICKEL) LOCK CORE

- Key numbers: VCCG001 to VCCG100
- Black hinged key
