

Business, Society & Responsibility Research Seminar | Call for Papers

Tuesday, March 25th, 2025 @ Vrije Universiteit Amsterdam |
hosted by *the VU Business & Society Knowledge Hub* and co-
organized with *University of Amsterdam Business School (ABS)* and
Rotterdam School of Management (RSM)

The annual Business, Society & Responsibility Research Seminar is organized by scholars from ABS, RSM and VU to bring together the Dutch-based community of researchers interested in the role of business in society, sustainability, CSR, social entrepreneurship and business ethics, broadly understood.

We call for full papers and proposals for (early) idea-related presentations in the abovementioned areas to be presented at the forthcoming seminar. We particularly invite early career scholars (PhD and TT) to submit their work.

Submission: Please submit your Paper Title and Abstract + preference for full paper vs. research idea presentation to christopher.wickert@vu.nl by **February 25th, 2025**. Accepted papers will be notified shortly thereafter.

*You are also welcome to attend the seminar without presenting a paper!
Please register to the above email.*

Programme: The seminar will, next to paper presentations, also feature research idea incubator sessions and a plenary session on business responsibility in times of political backlash.

The seminar will **start at around 10:00 am at Vrije Universiteit Amsterdam** and conclude with a dinner (free of charge for participants). A complete programme will be mailed to registered participants in due time.

VU organizing committee:

Christopher Wickert & Christine Moser

Inter-university convenors:

Arno Kourula (ABS/UvA), Joep Cornelissen (RSM)
