

## **Transitional Arrangements MSc Econometrics and Operations Research 2016-2017**

In September 2016 the curriculum of the MSc Econometrics and Operations Research will partly change. The Faculty Board has, in accordance with the Exam regulations and in consultation with the Programme Directors, Examination Board and the Joint Meeting, made these transitional arrangements for students who did not pass one or more courses from the list below.

1. Advanced Econometrics: The course was taught in period 1 and 2, starting Academic year 2016-2017 this course will be taught in period 1.
2. Advanced Algorithms: The course was taught in period 1 and 2, starting Academic year 2016-2017 this course will be taught in period 1.
3. Strategic and Cooperative Decision: This course will not be offered in the Academic year 2016-2017. Students missing this course are advised to follow the new course Mathematics in Economics and Society in period 1. Students who want to complete the course in the old form can make one extra resit offered in week 7 period 1.

If you have any questions about this arrangements please contact prof. dr. B.F. Heidergott:
