

Graduation Schedule

Every month, it is possible to graduate from the Masters Oncology and Cardiovascular Research. However, a graduation ceremony takes place only in the months January, June and September. This has no effect on the date on your diploma. If, for instance, when you finish at the end of June, the date on your diploma will be June 28th, but the graduation ceremony will be in September.

Graduation ceremony

After applying for graduation, you will be invited for the graduation ceremony. In this invitation the time and location will be announced.

NOTE: If there are less than 6 graduates, the ceremony might be cancelled. If you are already registered for the graduation ceremony, you will automatically be moved to the next graduation ceremony.
