Level: 3

Guided learning hours: 7 hours

Total qualification time: 9 hours

Supported by: The BFC

This award is for:

- Personnel involved in the electrotechnical sector, such as electricians, designers and inspectors, who wish to update their knowledge of emergency lighting system design, installation, commissioning and maintenance.
- Learners who wish to gain an understanding of emergency lighting systems.

The qualification is assessed by an EAL-set and centre-marked controlled knowledge assessment.
