Curriculum Planning Guide

Scotland 2026-2027

Introduction

EAL is the specialist awarding organisation, end-point assessment organisation and skills partner for the UK's engineering, and manufacturing industries. We work with industry experts to design and maintain our wide range of Engineering & Manufacturing and Building Services Engineering qualifications. We're dedicated to ensuring people and employers have the right skills at the right time to keep up with evolving industry needs, new technologies, and the net-zero transition.

Our qualifications are fine-tuned to the needs of our sectors and are used in schools, academies, colleges, universities, private training facilities, and workplaces across the UK.

Over the past decade, 1.3 million people have embarked on an EAL course.

Dedicated to delivering support to our valued providers throughout Scotland

EAL offers a comprehensive range of Engineering & Manufacturing qualifications including CBQ, SVQ and Workplace Core Skills, all aligned with the Scottish Credit & Qualifications Framework (SCQF). NVQ & VRQ qualifications are also available and prove popular with some providers in Scotland.

Rob Stott

Senior Industry Manager –
Engineering and Manufacturing

✉ Robert.Stott@eal.org.uk

Jonathan Porter

Technical Advisor –
Engineering and Manufacturing

✉ Jonathan.Porter@eal.org.uk

Sam Ashman

Lead Technical Advisor –
Engineering and Manufacturing

✉ Samantha.Ashman@eal.org.uk

Paddy Oakes

Industry Manager –
Engineering and Manufacturing

✉ Paddy.Oakes@eal.org.uk

EAL's Engineering and Manufacturing offer in Scotland

Qualification	Qual. Code
EAL Level 1 Certificate in Engineering and Technology	501/0386/6
EAL Level 1 Award In Engineering Technologies	601/5657/0
EAL Level 1 Award in Introductory Welding Skills	600/1903/7
EAL Level 1 Award in Introductory Metal Inert Gas Welding Skills	600/2171/8
EAL Level 2 Certificate in Engineering Operations (Knowledge)	603/3194/x
EAL Level 2 Diploma in Engineering Operations (Knowledge)	603/3195/1
EAL Level 2 Diploma in Engineering Operations (Skills)	603/3220/7
EAL Level 2 Award in Sustainable Engineering	610/4198/1
EAL Level 2 NVQ Diploma in Engineering Maintenance and Installation	501/0147/x
EAL Level 2 Award in Industrial Environmental Awareness	500/6147/1
EAL Level 2 Award Battery Manufacturing and Working with Batteries	610/5794/0
EAL Level 2 Award in MIG	610/6477/4
EAL Level 2 Award in TIG	610/6476/2

Qualification	Qual. Code
EAL Level 3 Subsidiary Diploma in Engineering Technologies	601/5799/9
EAL Level 3 NVQ Diploma in Engineering Maintenance	501/0544/9
EAL Level 3 Diploma in Advanced Manufacturing Engineering (Development Knowledge)	603/1353/5
EAL Level 3 NVQ Diploma in Installation and Commissioning	501/0733/1
EAL Level 3 NVQ Diploma in Engineering Technical Support	600/9793/0
EAL Level 3 NVQ Diploma in Fabrication and Welding Engineering	601/0003/5
EAL Level 3 NVQ Diploma in Mechanical Manufacturing Engineering	500/9852/4
EAL Level 3 Award in Sustainable Engineering	610/6260/1
EAL Level 5 SVQ Performing Engineering Operations at SCQF	GR6W45
EAL Level 5 SVQ Performing industrial Operations at SCQF	GJ9A22
EAL Level 5 SVQ in Business Improvement Techniques at SCQF	GMIC45
EAL Level 5 SVQ Fabrication and Welding Engineering at SCQF	GV4X45
EAL Level 6 SVQ Engineering Maintenance at SCQF	GL2M23
EAL Level 6 SVQ Mechanical Manufacturing Engineering at SCQF	GM1V46
EAL Level 6 SVQ Fabrication and Welding Engineering at SCQF	GT2646
EAL Level 6 SVQ Aeronautical Engineering at SCQF	GL3L23
EAL Level 6 SVQ Engineering Technical Support SCQF	GL3M23
EAL Level 6 Marine Engineering at SCQF	GL3P23
EAL Level 6 SVQ in Electrical Manufacture SCQF	GN5D46
EAL Level 6 SVQ in Business Improvement Techniques SCQF	GMID46
EAL Level 7 Diploma in Engineering at SCQF	R80704

We also provide Building Services Engineering qualifications in Scotland.

EAL Approved

Approve my course

Bridge the gap between bespoke training and industry trust. Get your courses EAL Approved to provide high-quality learning courses that the industry respects and trusts.

Recognition for your expertise with EAL Approved

EAL Approved provides certification needed to learners, employers, providers, and the wider industry that your training course meets the high standards of a global leader in engineering and advanced manufacturing.

From your first enquiry, you'll be paired with a dedicated Account Manager to guide you through every step of the EAL approved process. Our expert evaluators work alongside you to refine your content, ensuring it hits every learning objective while establishing the robust quality assurance framework required to secure respected EAL endorsement.

Benefits:

Endorsement from a trusted brand

When your course is EAL Approved, it's backed by a globally recognised institution. We've been setting the standard for training courses in engineering and advanced manufacturing since 1992.

Independent validation

With EAL Approved, you're saying with authority that you offer training courses the industry can trust. We evaluate courses to a rigorous standard set by engineers, for engineering success.

Best-in-class support

EAL strives to provide service excellence and support to our customers by placing them at the heart of everything we do. We assign a dedicated Account Manager to every client, guiding them from enquiry and application to appraisal and gaining EAL approved status.

Dual-branded certification

EAL Approved stamps your course with quality. Our certification portal allows delivery centres to issue dual-branded digital certificates, giving well-earned recognition to the achievements of you and your users.

We're happy to help

EAL is committed to delivering both value and high-quality support to all its customers, which is why we continually strive to make it even easier to work with us.

Customer experience enquiries

If you'd like to speak to someone about delivering EAL qualifications, becoming an EAL Recognised Centre, or for any other enquiries, please contact our friendly Customer Experience Team, Monday to Friday, 8am to 5pm.
