

EAL Centre Fees List

2026

Introduction

EAL is the specialist awarding organisation for industry qualifications. We are experts in designing, maintaining and supporting the delivery of qualifications, assessments and skills solutions for the engineering and manufacturing sector, and related industries.

Getting the most from EAL ...

We act in the best interests of the UK engineering and manufacturing sector, and related industries.

As an EAL Recognised Centre that means you benefit from;

- a highly competitive pricing structure that offers genuine value for money
- all-inclusive registration fees with no hidden costs
- the option to add new qualifications to your Centre remit at no extra cost
- support from a dedicated, expert External Quality Assurer
- products developed with industry support and recognition.

Our mission is to ensure that people have the right engineering skills, at the right time, to keep up with changing industry needs and the net-zero transition.

*VAT will be applied if a Centre is not an eligible organisation as defined by HMRC
