Canine Distemper-Adenovirus Type 2-Coronavirus-Parainfluenza- Parvovirus Vaccine Modified Live and Killed Virus Leptospira Canicola-Grippytyphosa- Icterohaemorrhagiae-Pomona Bacterial Extract TruCan™ DAPPi+CL4

For use in animals only

This product has been shown to be effective for the vaccination of healthy dogs 6 weeks of age or older against canine distemper, infectious canine hepatitis, canine adenovirus type 2, canine coronavirus, canine parainfluenza, canine parvovirus (CPV), *Leptospira canicola*, *Leptospira icterohaemorrhagiae*, *Leptospira grippytyphosa* and *Leptospira pomona*. The duration of immunity for this product has not been established. For more information regarding efficacy and safety data, go to productdata.aphis.usda.gov.

This product contains a CPV 2b strain which has been demonstrated effective against disease caused by CPV 2c in puppies with CPV maternal antibody.

Directions for use

- **General directions:** Aseptically rehydrate TruCan DAPPi with CL4 (diluent) supplied. Administer one 1 mL dose subcutaneously.
- **Primary vaccination:** The presence of maternal antibody is known to interfere with the development of active immunity in dogs and additional boosters will be required in most young animals.

All dogs should initially receive one dose of this product and a second dose 2 to 3 weeks later.

The need for annual booster vaccinations has not been established for this product; consultation with a veterinarian is recommended.

Caution: In the absence of a veterinarian-client-patient relationship, Federal law prohibits the relabeling, repackaging, resale, or redistribution of the individual contents of this package.

CAUTION: Store in the dark at 2° to 8°C (35° to 46°F). AVOID FREEZING. SHAKE WELL. Do not mix with other products, except as specified on this label. This product has not been tested in pregnant animals. Inactivate all unused contents before disposal. In case of anaphylactoid reaction, administer epinephrine. In case of human exposure, contact a physician.

Gentamicin and thimerosal added as preservatives.
