

March 5, 2020

Dear Kimberly-Clark Professional Customer,

As the impact of the coronavirus (COVID-19) continues to evolve, the health of our employees and customers remains paramount.

We are committed to keeping you informed as we manage through this situation. Please note the following updates to our corporate policies and procedures.

Travel Restrictions

To help minimize our employees' risk of exposure, we are implementing several preventative measures, including making changes to all employee travel, both international and domestic, where travel will be limited to business-critical only. These changes are effective immediately and will run through at least April 1, 2020:

- All Kimberly-Clark employees globally are being instructed to use collaborative tools (Skype, FaceTime, etc.) to conduct business from their primary work location.
- All meetings that would normally require travel are to be held virtually.
- K-C employees who plan to attend large meetings that require travel – including internal/external conventions, trade shows, conferences, or other events – must obtain senior leader approval.

We are continuing to closely monitor this fast-evolving situation and will update you with any additional changes.

Prioritizing Product Needs

Given the current situation, we're experiencing an increased spike of unforecasted volume and orders across all markets for Personal Protective Equipment (PPE), as well as skincare products and dispensers. We are accelerating production and reallocating inventory where possible to help meet this need to prioritize our existing customers' needs and expectations and to service increased demand.

The following product categories have products placed on allocation:

- N95 Respirators
- Surgical Masks
- Protective Apparel
- Hand Sanitizers
- Hand Wash
- Splash Protection Goggles
- Facial Tissue
- Surface Disinfectant
- General Surface Cleaning
- Skincare Dispensers

North American Overages, Shortages, Damage and Returns Policy

Additionally, in order to manage inventory and minimize service disruptions, effective immediately, KCP will not accept returns of the following products:
