## Section A: Faculty section

### 1. General provisions

#### Article 1.1 Applicability of the Regulations

1. These Regulations apply to anyone enrolled in the programme, irrespective of the academic year in which the student was first enrolled in the programme.
2. These Regulations enter into force on 1 September 2022.
3. An amendment to the Teaching and Examination Regulations is only permitted to concern an academic year already in progress if this does not demonstrably damage the interests of students.

#### Article 1.2 Definitions

The following definitions are used in these Regulations (*in alphabetical order*) :

- a. academic year: the period beginning on 1 September and ending on 31 August of the following calendar year;
- b. CvB: the Executive Board of Vrije Universiteit Amsterdam;
- c. EC (European Credit): a course credit with a workload of 28 hours of study;
- d. examination: the final examination of the Master's programme;
- e. FGV: Faculty joint assembly – assembly of the faculty student council and faculty staff council;
- f. interim examination: an assessment of the student's knowledge, understanding and skills relating to a unit of education. The assessment is expressed in terms of a final mark. An interim examination may consist of one or more partial examinations. A resit always covers the same material as the original interim examination. A written examination can consist of (a combination of) open questions, multiple choice questions, a paper, an essay or written assignment. An oral examination can consist of (a combination of) open questions, a debate or a verbal presentation;
- g. unit of education: a (study) unit or course of the programme within the meaning of the law
- h. OLC: programme committee;
- i. period: a part of a semester;
- j. practical exercise: the participation in a practical training activity or other educational learning activity, aimed at acquiring certain (academic) skills. Examples of practical exercises are:
- researching and writing a thesis or dissertation;
  - carrying out a research assignment;
  - taking part in fieldwork or an excursion;
  - participating in and completing an internship;
- k. pre-Master's enrollee: person enrolled in a pre-Master's programme, who is not a student from a legal perspective;
- l. programme: the totality and cohesion of the unit of education, teaching activities/methods, contact hours, testing and examination methods and recommended literature;
- m. SAP/SLM: the student information system (*Student Lifecycle Management*);
- n. semester: the first (September - January) or second half (February - August) of an academic year;
- o. specialization: optional route of study within a degree programme indicating a deepening of the interdisciplinary or multidisciplinary context of the programme;
- p. student 'studying';

- q. student statute: sets out the rights and responsibilities of students on the one hand, and of Vrije Universiteit Amsterdam on the other hand, including those derived from the law and those derived from university regulations. The Executive Board (CvB) officially confirms the student statute once its completeness has been approved by the University Student Council (USC);
- r. study guide: the guide for the study programme that provides further details of the courses, provisions and other information specific to that programme. The study guide is available online at:  
<https://www.vu.nl/en/study-guide/>;
- s. study monitor (*studie monitor*): dashboard for students and academic advisers with data of the student and that provides insight into the student's study progress;
- t. subject: see '*unit of education*';
- u. track: a study pathway within a broader Bachelor's or Master's degree programme, such as a fully English-language study pathway within a Dutch-language Bachelor's or Master's degree;
- v. thesis: a unit comprising research into the literature and/or contributing to scientific research, always resulting in a written report;
- w. unit of education: a unit of study of the programme within the meaning of the WHW;
- x. university: Vrije Universiteit Amsterdam;
- y. WHW: the Dutch Higher Education and Research Act (*Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek*);
- z. workload: the workload of the unit of study to which an interim examination applies, expressed in terms of credits = EC credits (ECTS = European Credit and Transfer Accumulation System). The workload for 1 year (1,680 hours) is 60 EC credits.

The other terms have the meanings ascribed to them by the WHW.

## 2. Study programme structure

### Article 2.1 Structure of academic year and educational components

1. The study programme will be offered in a year divided into two semesters.
2. Every semester consists of three consecutive periods. The first two periods each consist of eight weeks, and the final period consists of four weeks.
3. An educational component comprises 6 EC or a multiple thereof.
4. By way of exception to paragraph 3, the Executive Board may in special cases and on request of the Faculty Board, stipulate that a unit of study comprises 3 EC or a multiple thereof.

## 3. Assessment and Examination

### Article 3.1 Signing up for education and interim examinations

1. Every student must sign up to participate in the educational components of the programme, the examinations and resits. The procedure for signing up is described in an annex to the Student Charter.
2. Signing up may only take place in the designated periods.

### Article 3.2 Type of examination

1. At the examiner's request, the Examination Board may permit a different form of interim examination than is stipulated in the study guide.

### Article 3.3 Oral interim examinations

1. An oral assessment is public unless the Examination Board determines otherwise. 'Public' in this context refers to the four eyes principle which states that an oral examination must always be done with two examiners. For further rules and regulations concerning oral examinations, see the Rules and Guidelines of the Examination Board FSS, article 11 'Oral examination'.

### Article 3.4 Determining and announcing results

1. The examiner determines the result of a written interim examination as soon as possible, but at the latest within ten working days. The marking deadline for the first submission opportunity for theses is also ten working days. The marking deadline for the second submission opportunity for theses is no longer than twenty working days. The examiner will then immediately ensure that the marks are registered and also ensures that the student is immediately notified of the mark, taking due account of the applicable confidentiality standards.
2. The examiner determines the result (i.e. mark) of an oral examination as soon as possible, but at the latest within two working days after the examination has finished and informs the student accordingly. The fourth clause of the first paragraph applies.
3. In the case of assessments other than oral or written examinations, the Examination Board determines in advance how and by what deadline the student will be informed of the results.

### Article 3.5 Examination opportunities

1. a. Per academic year, two opportunities to take examinations will be offered for each unit of education.  
b. By way of exception to a., the options for retaking practical exercises, internships and theses are detailed in the faculty regulations master's thesis or relevant internship manual, teaching regulations or graduation regulations.
2. The most recent mark will apply in the event of a resit. A resit is allowed for both passed and failed units of study. The master's thesis, internship and practical exercise are excluded from the arrangement that a resit is allowed for both passed and failed units of study.
3. The resit for a (partial) interim examination must not take place within ten working days of the announcement of the result of the (partial) examination being resat.
4. The student who has passed all but one of the examinations necessary to meet the degree requirements and who is unable to sit that examination in the next semester, may submit a motivated request to the Examination Board asking for the opportunity to take this examination at an earlier date; the examiner can decide that this extra examination is a different assessment type than the regular examination opportunity. The student must have successfully participated in all the examination opportunities offered in the current academic year for the subject in question, unless participation was not possible for compelling reasons.
5. If a unit of education is no longer offered in the academic year following its termination, at least one opportunity will be provided to sit the interim examination(s) or parts thereof and a transitional arrangement will be included in the programme-specific section for the subsequent period.

### Article 3.6 Marks

1. Partial marks are given on a scale from 1 to 10 with no more than one figure after the decimal point.
2. A final mark between 5 and 6 will be rounded to the nearest whole number: up to 5.50, rounded down; higher than 5.50, rounded up. All other final marks will be expressed in whole or half marks.
3. To pass a given course or unit, a final mark of 6 or higher is required.
4. The Examination Board can allow to use symbols rather than numbers, for example; v(oldaan), g(oed), n(iet)v(ol)d(aan), etc.)

### Article 3.7 Exemption

1. At the written request of the student, the Examination Board may exempt the student from taking one or more examination components, if they:

- a. have either passed a course component of an academic (university) or higher professional education programme that is equivalent in terms of content and level;
  - b. or have demonstrated through their work and/or professional experience that they have sufficient knowledge and skills with regard to the relevant unit of education.
2. The Master's thesis is excluded from this exemption possibility.

#### Article 3.8 Validity period for results

1. The validity period of interim examinations passed and exemption from interim examinations is unlimited, unless otherwise specified in Section B1.
2. The validity period of a partial examination is limited to the academic year in which it was sat or until the end of the unit of study concerned, as stipulated for the relevant unit of study in Section B1.

#### Article 3.9 Right of inspection and post-examination discussion

1. Within twenty working days after the announcement of the results of a written interim examination, but at least ten working days before the resit opportunity for that interim examination, the student can submit a request to inspect their assessed work, the questions and assignments set in it, as well as the standards applied for marking. The place and time referred to in the previous clause will be announced at the interim examination or Canvas in all cases.
2. If a collective post-examination discussion has been organized, individual post-examination discussions will be held only if the student has attended the collective discussion or if the student was unable to attend the collective discussion through no fault of their own.
3. Students who meet the requirements stipulated in paragraph 2 can submit a request for an individual post-examination discussion to the relevant examiner. The discussion shall take place at a time and location to be determined by the examiner within the regular timetable, on campus or online.

## 4. Academic student counselling and study progress

#### Article 4.1 Administration of study progress and academic student counselling

1. The faculty board is responsible for the correct registration of the students' study results. After the assessment of a unit of education has been registered, every student has the right to inspect the result for that component and also has a list of the results achieved at his or her disposal in VU.nl Dashboard.
2. Enrolled students are eligible for academic student counselling. Academic student counselling is in any case provided by
  - a. the Student General Counselling Service;
  - b. Student psychologists;
  - c. Faculty academic advisors.

#### Article 4.2 Facilities for students with a disability

1. A student with a disability can, at the moment of submission to VUweb, or at a later instance, submit a request to qualify for one or more special facilities with regard to teaching, practical training and interim examinations. These facilities will accommodate the student's individual disability as much as possible, but may not alter the quality or degree of difficulty of a unit of study or an examination. In all cases, the student must fulfil the exit qualifications for the study programme.
2. The request referred to in the first paragraph must be accompanied by a statement from a doctor or psychologist. If possible, an estimate should be given of the potential impact on the student's study progress. In case of a chronic disability a single (one time) request suffices.
3. Students who have been diagnosed with dyslexia must provide a statement from a BIG, NIP or NVO registered professional who is qualified to conduct psychological evaluation.
4. The faculty board, or the responsible person on behalf of the faculty board, decides on teaching facilities and facilities regarding logistics. The Examination Board will decide on requests for facilities with regard to examinations.

5. In the event of a positive decision in response to a request as referred to in paragraph 1, the student can make an appointment with the study adviser to discuss the details of the provisions.
6. A request for one or more facilities can be refused if it would place a disproportionate burden on the organization or the resources of the faculty or university were it upheld. Any such refusal will be substantiated.
7. If the disability justifies an extension of the interim examination time, the responsible person on behalf of the Examination Board will register in SAP this entitlement to an extension. If a disability justifies other measures to be taken, the academic adviser can take the necessary measures. The student can consult the study monitor to check which facilities have been granted to them.
8. The decision as referred to in paragraph 5 may specify a limited validity of the facilities granted.

## 5. Hardship clause

### Article 5.1 Hardship clause

In instances not regulated by the Teaching and Examination Regulations or in the event of demonstrable extreme unreasonableness and unfairness, the faculty board responsible for the study programme will decide, unless the matter concerned is the responsibility of the Examination Board.

## Section B1: Programme specific – general provisions

### 6. General programme information and characteristics

#### Article 6.1 Study programme information

1. The programme Social and Cultural Anthropology, CROHO number 60049, is offered on a full-time basis.

#### Article 6.2 Teaching formats used and modes of assessment

1. The degree programme uses predominantly the following teaching formats:
  - lectures;
  - tutorials;
  - working groups;
  - practical exercise;
  - individual supervision;
  - formative online assessments.
2. The degree programme uses predominantly the following modes of assessment:
  - assignments;
  - presentations;
  - thesis.

### 7. Further admission requirements

#### Article 7.1 Intake date(s)

The programme starts on 1 September.

#### Article 7.2 Admission requirements

1. Admission to the Master's programme is possible for an applicant who has obtained a Bachelor's degree at an institution of academic higher education, which demonstrates the following:
  - a. knowledge of and skills in the field of qualitative and quantitative methods and techniques of social science research;
  - b. knowledge of and understanding of the theory of (social and cultural) anthropology.
2. Applicants with a Bachelor's degree obtained at an institution outside the Netherlands may be asked for additional methods to prove that they meet the admission requirements.
3. An applicant should demonstrate that he or she has sufficient level of proficiency in English by meeting at least one of the following standards, no more than two (2) years before the start of the programme at the VU:
  - a. IELTS score with a minimum of 6.5;
  - b. TOEFL paper based test: 580;
  - c. TOEFL computer based test: 237;
  - d. TOEFL internet based test: 92;

4. Applicants who:
  - completed an English-taught secondary or higher education degree in Canada, the United States, the United Kingdom, Ireland, New Zealand or Australia or
  - have earned a Bachelor's or Master's degree in an English-taught programme accredited by NVAO in the Netherlands, or
  - have earned a Bachelor's or Master's degree in an accredited English-taught programme in another member state of the European Union
  - have obtained a Cambridge Certificate of Proficiency in English (CPE): A, B or C or a Cambridge Certificate of Advanced English (CAE): A or B or
  - have earned a Dutch VWO-diploma (level 6 VWO-nieuw) or

- are enrolled for the pre-Master's programme Social and Cultural Anthropology and have thus passed the pre-Master's assessment in advance  
are exempted from the requirements referred to in paragraph 3.

#### Article 7.3 Selection criteria

*Not applicable.*

#### Article 7.4 Pre-Master's programme

1. Applicants with a Bachelor's degree of a university of applied science (HBO) or a Bachelor's degree from an institution of academic higher education who wish to enter the programme but do not fulfil the admission requirements as stipulated in Article 7.2 can request admission to the pre-Master's programme.
2. To be admitted to the pre-Master's programme, candidates have to pass the pre-Master's assessment of which the sections English language skills and Numerical & Mathematical skills are compulsory. The minimum scores to be achieved are 5 for English and 2.5 for Numerical & Mathematical Skills.
3. The pre-Master's programme has 30 credits and consists of the following units:
  - a. PM Core Themes in Anthropology (6 EC);
  - b. PM History and Theory of Anthropology(6 EC);
  - c. PM Tutorial Academic Writing SCA (3 EC);
  - d. PM Challenges of the 21st Century (6 EC);
  - e. PM Ethnographic Research Methodology (6 EC);
  - f. PM Research Project SCA (3 EC).

The following terms also apply:

- a. If the pre-Master's enrollee is completing an individualized pre-Master's programme, this is to be communicated to the enrollee in writing.
  - b. The Examination Board can, if the pre-Master's enrollee submits a written request, exempt the enrollee from one or more examinations.
4. Successful completion of the pre-Master's programme will entitle the enrollee to admission to the relevant Master's programme in the following academic year.

## 8. Interim examinations and results

#### Article 8.1 Sequence of interim examinations

1. The following educational units cannot be participated in until the following sequential requirements are met:
  - Mobility, Diversity and Equality OR Development, Inequality and Sustainability OR Changing Organizational Culture after participation in Theoretical Orientation on Mobility.
  - Field research only after:
    - passing Theoretical Orientation on Mobility;
    - participation in Mobility, Diversity and Equality OR Development, Inequality and Sustainability OR Changing Organizational Culture;
    - passing Field Research Design.
  - Master's Thesis in Social and Cultural Anthropology only after passing:
    - Theoretical Orientation on Mobility;
    - Mobility, Diversity and Equality OR Development, Inequality and Sustainability OR Changing Organizational Culture;
    - Field Research.

## Section B2: Programme specific – content of programme

### 9. Programme objectives, exit qualifications and language

#### Article 9.1 Workload

1. The programme has a workload of 60 EC.

#### Article 9.2 Programme objective

The general aim of the Master's programme in Social and Cultural Anthropology is to provide students with advanced knowledge, insight, skills and attitudes in the field of anthropology, with special knowledge of anthropological perspectives on mobility, beliefs and belonging. Graduates are trained to apply with considerable degree of self-reliance anthropological theories and concepts to concrete issues of cultural diversity, social complexity or international inequality and development. In doing so they have ample attention for the articulation of and interaction between local, national and global processes. Graduates are able to contribute to formulating policies if and when these issues are defined as societal problems, and will reflect critically on the different positions and interests of the actors involved in their contribution to the quest for possible solutions. Using a holistic point of view, graduates will relate social, economic and political aspects to cultural, religious and identity dimensions. Graduates are trained in doing anthropological field research and are aware of the place of anthropology within the social sciences and on social research methods. The programme prepares students for a start of a career in an academic profession, including policy making in institutions of the multicultural society, international development cooperation, consultancy on cultural diversity in organizations, museum work, journalism, or in the academic world.

#### Article 9.3 Exit qualifications

1. Exit qualifications

Knowledge and understanding - graduates demonstrate critical and advanced knowledge of:

- the most important theories, concepts, and current debates in anthropology, in particular in regards to debates on mobility, diversity and development, and other key themes in the programme;
- the complex interconnections between local and global developments;
- key texts (articles and monographs) on the central themes of the programme;
- qualitative social science methodology, in particular advanced methods of ethnographic research;
- the chances and limitations of the application of anthropological views, theories and concepts in dealing with societal or organizational problems.

Applying knowledge and understanding - graduates are able to:

- critically examine anthropological issues at a high level of conceptual abstraction and translate them into terms a wider public can understand;
- analyze, summarize, and synthesize complex societal issues from a theoretical perspective and relate them to scientific and societal debates;
- identify and propose solutions to societal problems topical during the research period;
- formulate a scientific definition of a social problem and analyze a specific societal issue using relevant anthropological literature and raw empirical data collected;
- produce a thesis that is based on in-depth ethnographic research. The final product shows the graduate's intellectual rigour, proficiency and skill in the field of cultural and social anthropology, with a focus on key issues in the programme.

Making judgements - graduates have the attitude and skills to:

- critically examine societal and organizational problems at a high level of conceptual abstraction with special attention for the power dynamics at play;
- reflect on the opportunities and constraints of scientific theories and research;
- critically reflect on developments and debates in science and society regarding the key-issues and central themes in the programme, on the basis of theoretical, methodological and societal considerations;
- engage critically with various scientific theories and relevant concepts, to compare them and to connect them to concrete societal issues;
- critically reflect on the professional ethics and responsibilities of anthropologists in wider academic and non-academic contexts;
- take on a critical and reflexive attitude with regards to research plans, and results.

Communication - graduates are able to:

- communicate the research conclusions verbally and in writing to an audience of specialists and non-specialists in a clear and unambiguous manner;
- translate anthropological issues and debates at a high level of conceptual abstraction into terms understandable by a wider public;
- define and defend an argument and the applicability of it, and to report about it, both in spoken and written form according to scientific standards;
- critically engage in public debates pertaining to key themes in the programme, in particular their own field of specialization;
- make use of a variety of communication methods to share their knowledge with an academic and non-academic audience.

Learning skills - graduates have the ability and skills to:

- summarize, evaluate, and synthesize research results from social and cultural anthropology and related fields and assess the wider societal implications of these results;
- learn, collaborate and communicate in an intercultural context and to be highly sensitive to cultural and other types of differences;
- assess the scientific work of peers and to provide academically sound and constructive feedback.

2. Language proficiency may be taken into account in the assessment of (interim) examinations.

#### Article 9.4 Language of instruction

1. The language of instruction is English.
2. The 'Gedragscode vreemde taal' (code of conduct foreign languages) applies.

## 10. Curriculum structure

#### Article 10.1 Composition of the programme

1. The programme comprises at least a package of compulsory components and an individual research project and Master's thesis..
2. Educational components are categorized as specialized (400), research oriented (500) and highly specialized (600) level.

### Article 10.2 Compulsory educational components

A detailed description per educational component can be found in the Study Guide.

Educational component	course code	EC	level
Field Research Design	S_FRD	12	400
Theoretical Orientation on Mobility	S_TOM	6	400
Choose 1 out of 3:			
- Mobility, Diversity and Equality OR	S_MDE	6	500
- Development, Inequality and Sustainability OR	S_DIAS	6	500
- Changing Organizational Culture.	S_COC	6	500
Field Research	S_FR	12	500
Master's Thesis Project in Social and Cultural Anthropology	S_MTPsca	24	600

### Article 10.5 Participation in practical training and tutorials

In the case of a practical training or tutorials, the rules about obligatory attendance will be announced prior to the start of that subject in the study guide on Canvas.

## 11. Evaluation and transitional provisions

### Article 11.1 Evaluation of the education

The education provided in this programme is evaluated in accordance with the evaluation plan in Appendix I. The faculty evaluation plan offers the framework.

### Article 11.2 Transitional provisions

By way of departure from the Teaching and Examination Regulations currently in force, the transitional provisions in Appendix II apply for students who started the programme under a previous set of Teaching and Examination Regulations.

## **Explanatory notes:**

### **Article 7.2 Admission requirements**

Until 1 September 2022/1 February 2023, admission to the Master's programme by means of the 'exceptional admission provision' has been added to Article 7.2. This provision applies to Dutch and other EEA students who are pursuing a Bachelor's programme or a bridging/pre-Master's programme in the 2021-2022 academic year and who have not previously registered for the relevant Master's programme.

The exceptional admission provision gives universities of applied sciences and research universities the flexibility to deviate from the requirement that a Bachelor's programme must be completed prior to participation in a Master's programme, in the way that is best suited to the specific features of the Master's programme. Students must complete their Bachelor's programme or pre-Master's programme by 31 August 2023 at the latest. If the student does not meet this requirement, he or she will not be able to continue or complete the Master's programme.

With respect to each Master's programme, the Faculty Board will determine under what conditions the student is to be admitted to the Master's programme within the parameters of VU Amsterdam's 2022 exceptional admission provision, if the student does not yet hold a Bachelor's degree or has not yet completed a bridging/pre-Master's programme or in any other respect does not yet satisfy the admission requirements for the programme referred to in Article 7.2. These conditions are set out at the degree programme level in the addendum to the Teaching and Examination Regulations. In all cases, those conditions will indicate the minimum number of EC that must be obtained. Subsequently and where applicable, it will be specified whether the final project must be completed before the student can begin working on the final project for the Master's programme (a common requirement at Vrije Universiteit Amsterdam). Where applicable, additional substantive requirements may be specified with regard to the knowledge and skills that the student must have or educational units that the student must have completed before they can be admitted to the Master's programme.

### **Article 7.4 Bridging or pre-Master's programme**

See the explanatory notes to Article 7.2, subject to the proviso that the bridging/pre-Master's programme must be completed within one year and that the HBO/university Bachelor's programme must be successfully completed before completing the bridging/pre-Master's programme.
