Appendix 2 Evaluation of teaching within the School of Humanities

Evaluation Plan 2026-2027

Introduction

The framework with regard to educational evaluations is laid down in [chapter 3](#) of the Manual for Quality Assurance of Teaching and Learning. This is the general evaluation plan for the School of Humanities (SGW).

At VU evaluations are conducted with the aim to improve educational quality. The evaluations focus on the quality of courses, teachers' teaching skills and assessment quality. The VU draws up questionnaires for this purpose with a number of mandatory key questions. In addition, the faculty or school has the option of adding its own questions to the lists.

1. Course evaluations

1.1 Quantitative Evaluations

The School of Humanities uses Evalytics to digitally distribute questionnaires. This way, the anonymity of students is guaranteed and the Plan-Do-Check-Act (PDCA) cycle - which serves educational improvement - can be run properly.

1.1.1 Frequency

It is a requirement that each course is evaluated using student questionnaires once every three years. Within the School of Humanities courses are evaluated once every two years, though courses with 0-4 registered students are exempt from digital evaluation. The following schedule that alternates even and odd teaching periods is adhered to:

2026-2027	2027-2028
Period 1+3+5	Period 2+4+6

Exceptions are made for:

- courses mentioned in the annual plan of the SGW Examination Board's Assessment Chamber;
- courses that are administered by the following programmes;
 - o Ba Philosophy, Politics and Economics (PPE)
 - o Ba Archeology
 - o Ba Ancient Studies
 - o Ba Griekse en Latijnse Taal en Cultuur
- courses that are part of a (University) Minor.

1.1.2 Process

The default start date of course evaluation is the during the last week of education. The default start date of exam evaluation is the examination date or end date of the course. Course coordinators are encouraged to carry out the evaluation of the education part during the last class before the exam.

Four weeks before the examination or end date of the course, the course coordinator receives an e-mail notifying them that they can prepare the evaluations. A link to the questionnaire in Evalytics is given in this e-mail.

The questionnaire can be modified up until one day before the start date of the evaluation. From that point onwards, the evaluation is open to students, who can then fill out the questionnaire. Students who have not yet completed the evaluation in class will receive an invitation via email.

Once the evaluation is closed to students, the responses are stored in Evalytics. At that point, course coordinators receive a notification that the results have been received. They then have two weeks to give feedback on the results and indicate which steps need to be taken to improve the course (if applicable). Course coordinators who have not yet given feedback after one week receive a reminder.

Once the feedback period is over, a summary of the evaluation results is created for students, who are then notified. The course coordinator's feedback is included in this feedback report. The general idea is that if course coordinators communicate to students that evaluation results are taken seriously, and are used to improve education, students' willingness to fill out questionnaires will increase. In general, evaluation reports are available four weeks after publication date of the questionnaires.

1.2 Qualitative Evaluations

The Manual for Quality Assurance of Teaching and Learning provides an overview of qualitative forms of educational evaluation, such as panel discussions, peer review, and quick inventories of strengths and suggestions. These forms of evaluation are encouraged by the School.

1.3 Distribution

In addition to teaching staff and students, all evaluation reports can be viewed by:

- the evaluation coordinator (FEC), who is tasked with the distribution of evaluation reports;
- the policy advisor for Education and Quality Assurance;
- the SGW Examination Board's Assessment Chamber (*toetskamer*), who has the permission to view evaluation reports of courses as part of their activities in examining assessment quality.

The reports of specific programmes are distributed to:

- programme directors;
- evaluation contact person(s) of the Programme Committee.

2. Minors

All courses of University and School minors are evaluated. It is not (yet) possible to evaluate minors as a separate educational units using Evalytics.

3. Curriculum evaluations

It is recommended to conduct a curriculum evaluation once every 3 years. The basic principle is that a curriculum is evaluated at least before the start of a midterm review or visitation and after every (thorough) curriculum change.

Annually quantitative questionnaires are sent out via Evalytics. Every graduating student receives a request in their e-mailbox to fill out the questionnaire. The period in which the questionnaire is distributed may be determined in consultation with the Programme Director. By default these curriculum evaluations open in October and remain available until September. Programme Directors may add extra questions to the standard questionnaire for graduates.

Alternatively, Programme Committees may organise qualitative curriculum evaluations with permission from the Programme Director and the FEC. The evaluation report should be made available to the Programme Director and the FEC.

Programme Directors are asked to reflect upon the results of curriculum evaluations in their programme annual reports. Discussions of these results with the programme's Advisory Committee (*werkveldadviesraad*) as well as the Programme Committee are encouraged.

4. National student survey

Vrije Universiteit Amsterdam takes part in the National Student Survey (*Nationale Studenten Enquête*, or NSE), which is conducted every spring. The NSE can provide useful information about how students experience their program. The programme's annual reports should reflect on the results of the NSE. The Portfolio Holder Education, Programme Directors and the Programme Committees receive the results of the NSE around June.
