

Keeping Medicare Affordable in Mississippi

Every day, the [Medicare Improvements for Patients and Providers Act](#) (MIPPA) helps people with Medicare afford their prescriptions, premiums, and doctor visits.

Who MIPPA Helps in Mississippi

23,230 Medicare beneficiaries connected to benefits

248,891 Medicare beneficiaries living at or below \$22,500
(150% of the federal poverty level)

Abe's Story

Abe called to request assistance with his mortgage, then shared that his lights were turned off, he lost his job, and he had no income to restore power to his home. A benefits counselor connected him to the local office that offers energy assistance. With persistence and follow-up, the counselor confirmed that Abe received the benefits, and he had electricity again.

What MIPPA Does

Connects eligible individuals to benefits like the Medicare Savings Program and Medicare Part D Low-Income Subsidy, which help pay for prescription drugs, premiums, and copays

Promotes preventive health services and screenings

Keeps older adults healthy and out of hospitals

Potential Medicare Savings through MIPPA

One of the main components of MIPPA is to connect eligible Medicare Beneficiaries to programs to help them afford prescription drugs through Medicare Part D. Research shows that having prescription drug coverage through Medicare Part D could reduce hospitalization rates by 7%.¹ With an average Medicare hospital stay costing \$14,700,² connecting individuals to prescription drug coverage could create significant health care savings for both the patient and the government.

How MIPPA is Delivered in Mississippi

- 1 [State Health Insurance Assistance Program](#)
- 10 [Area Agencies on Aging](#)
- 1 [Benefits Enrollment Center](#)
 - North MS Rural Legal Services: Adams BEC

How to Access Benefits Online

BenefitsCheckUp is a free tool where individuals can see if they may be eligible for these money-saving programs.
