

California 23rd District

147,080

Low-Income Residents of California's 23rd District Connected to Benefits in 2022-2023

Thanks to federal funding that supports efforts to find and enroll low-income people on Medicare into benefits they are eligible for, 147,080 low-income older and disabled residents of California's 23rd District received assistance that can **help them to afford their prescription drugs and doctor visits.**

This federal funding supports California's 23rd District:

- State Health Insurance Assistance Program (SHIP)
- 4 Area Agencies on Aging (AAAs)
- 5 Benefits Enrollment Centers (BECs) 

These organizations help older adults making less than \$22,000 a year apply for:

- Medicare Part D Low-Income Subsidy (LIS/Extra Help)
- Medicare Savings Programs (MSPs) 

Funding also supports BenefitsCheckUp[®], a free online screening and enrollment tool.

Residents of California's 23rd District in Need Found Help...

Thanks to previous federal funding, in 2022-2023:

- **102,825** Medicare beneficiaries and their caregivers received help with access to low-income benefits
- **44,255** used BenefitsCheckUp[®] to connect with benefits online

... But Far Too Many Are Still Missing Out

- **903,206 Medicare beneficiaries in California's 23rd District** are living at or below 150% of the federal poverty level and need help affording health care

Estimate taken from SHIP Tracking and Reporting System (STARS)

Mary Ann's Story

As a disabled senior citizen who lives below the poverty level and has only Social Security upon which to live and pay rent, I myself am a participant in the Extra Help program. It enables me to both get to appointments and to afford the medications and health aids prescribed for me. Without this coverage, I could afford neither.
