Low-Income New Yorkers Connected to Benefits in 2022-2023

Thanks to federal funding that supports efforts to find and enroll low-income people on Medicare into benefits they are eligible for, 505,633 low-income older and disabled New Yorkers received assistance that can help them to afford their prescription drugs and doctor visits.

This federal funding supports New York's:

- State Health Insurance Assistance Program (SHIP)
- 62 Area Agencies on Aging (AAAs)
- 11 Benefits Enrollment Centers (BECs)

These organizations help older adults making less than \$22,000 a year apply for:

- Medicare Part D Low-Income Subsidy (LIS/Extra Help)
- Medicare Savings Programs (MSPs)

Funding also supports BenefitsCheckUp®, a free online screening and enrollment tool.

New Yorkers in Need Found Help...

Thanks to previous federal funding, in 2022-2023:

- **338,133** Medicare beneficiaries and their caregivers in New York received help with access to low-income benefits
- **167,500** New Yorkers used BenefitsCheckUp® to connect with benefits online

... But Far Too Many Are Still Missing Out

- **1.3 million** Medicare beneficiaries in New York are living at or below 150% of the federal poverty level and need help affording health care

Estimate taken from SHIP Tracking and Reporting System (STARS)

Dora's Story

At 68, Dora was living on just \$430 a month from her husband's Social Security. Medicare was deducting \$165 a month for the Part B premium. That left Dora just \$265 a month to cover rent, utilities, food, and all her other daily expenses. A benefits counselor at the Center for Independence of the Disabled in New York helped Dora apply for Medicare Savings Program, which will save her \$1,979 in 2024. The counselor also helped Dora apply for an affordable unit at a senior housing complex. Today, Dora has the support she needs to live with the dignity and security she deserves.
