

**STATEMENT OF FREDERICK ANDY CHUNG  
CANDIDATE FOR THIRD MEMBER,  
BOARD OF RETIREMENT**

Occupation: Employee for the County of Los Angeles - Internal Services  
Department

I am Frederick Andy Chung, and I would like to be your next LACERA Board of Retirements representative. I am a County employee who enjoys spending time with family and friends, playing sports and challenging myself by learning new things.

My qualifications for this position include earning and utilizing my master's degree in public administration and serving in the public sector since I began my public service career over a decade ago. My professional experience includes from working in elections, quality assurance, administering funding for regional parks, contract management, policy and procedure development, safety oversight, and program management in energy and environmental services.

My priorities in this role are to be fair, follow policies, and keep an open mind to the possibilities of improving the lives of my fellow 83,000+ active LA County employees and our retirees.

I believe that our dedicated colleagues, who have made a career of serving our community, should be prepared for retirement by providing them accessible information and resources when they need it.
