THE APPEALS PROCESS Why / When / How Applicants file for an Appeal

COMMON REASONS FOR FILING AN APPEAL

COMMON REASONS FOR FILING AN ASSESSMENT APPEAL ARE DUE TO CONDITIONS SET FORTH BY PROPOSITION 8 AND 13:

- Decline in Value on property
- Change in ownership
- Completed new construction
- New construction partially completed on the lien date (January 1st)

PROPOSITION 13 (REASSESSABLE EVENT)

- Pursuant to Proposition 13, real property is reassessed upon a change in ownership or when new construction occurs. The new assessed value created by either event is called the "base year value."
- After establishing a new base year value, and until the next reassessable event, the Assessor
 can only increase that value by the rate of inflation indicated by the California Consumer Price
 Index (CCPI), not to exceed a maximum of 2 percent per year.

The following are considered reassessable events:

- 1. Change in ownership.
- 2. Completed new construction.
- 3. New construction partially completed on the lien date (January 1st).

HOW PROPOSITION 13 AFFECTS ASSESSED VALUES

A COMPARISON OF TWO HOMES:	HOUSE A	HOUSE B
2019 Base Year Value	\$400,000	\$400,000
2020 (Assessed value reflects the Prop 13 inflationary increase)	\$408,000	\$408,000
2021 (House B is Sold)	\$416,160	\$659,000 *Established as the new Base Year Value for 2021
2022 (Assessed value reflects the Prop 13 inflationary increase)	\$424,483	\$672,180

^{*} The difference in Assessed values is caused by Proposition 13

PROPOSITION 8 (Decline-In-Value)

- Proposition 8 is a State Constitutional Amendment established in 1978 to allow temporary property value reductions under certain circumstances
 - Decline in market value
 - Obsolescence and deferred maintenance

WHEN APPEALING PROPOSITION 8:

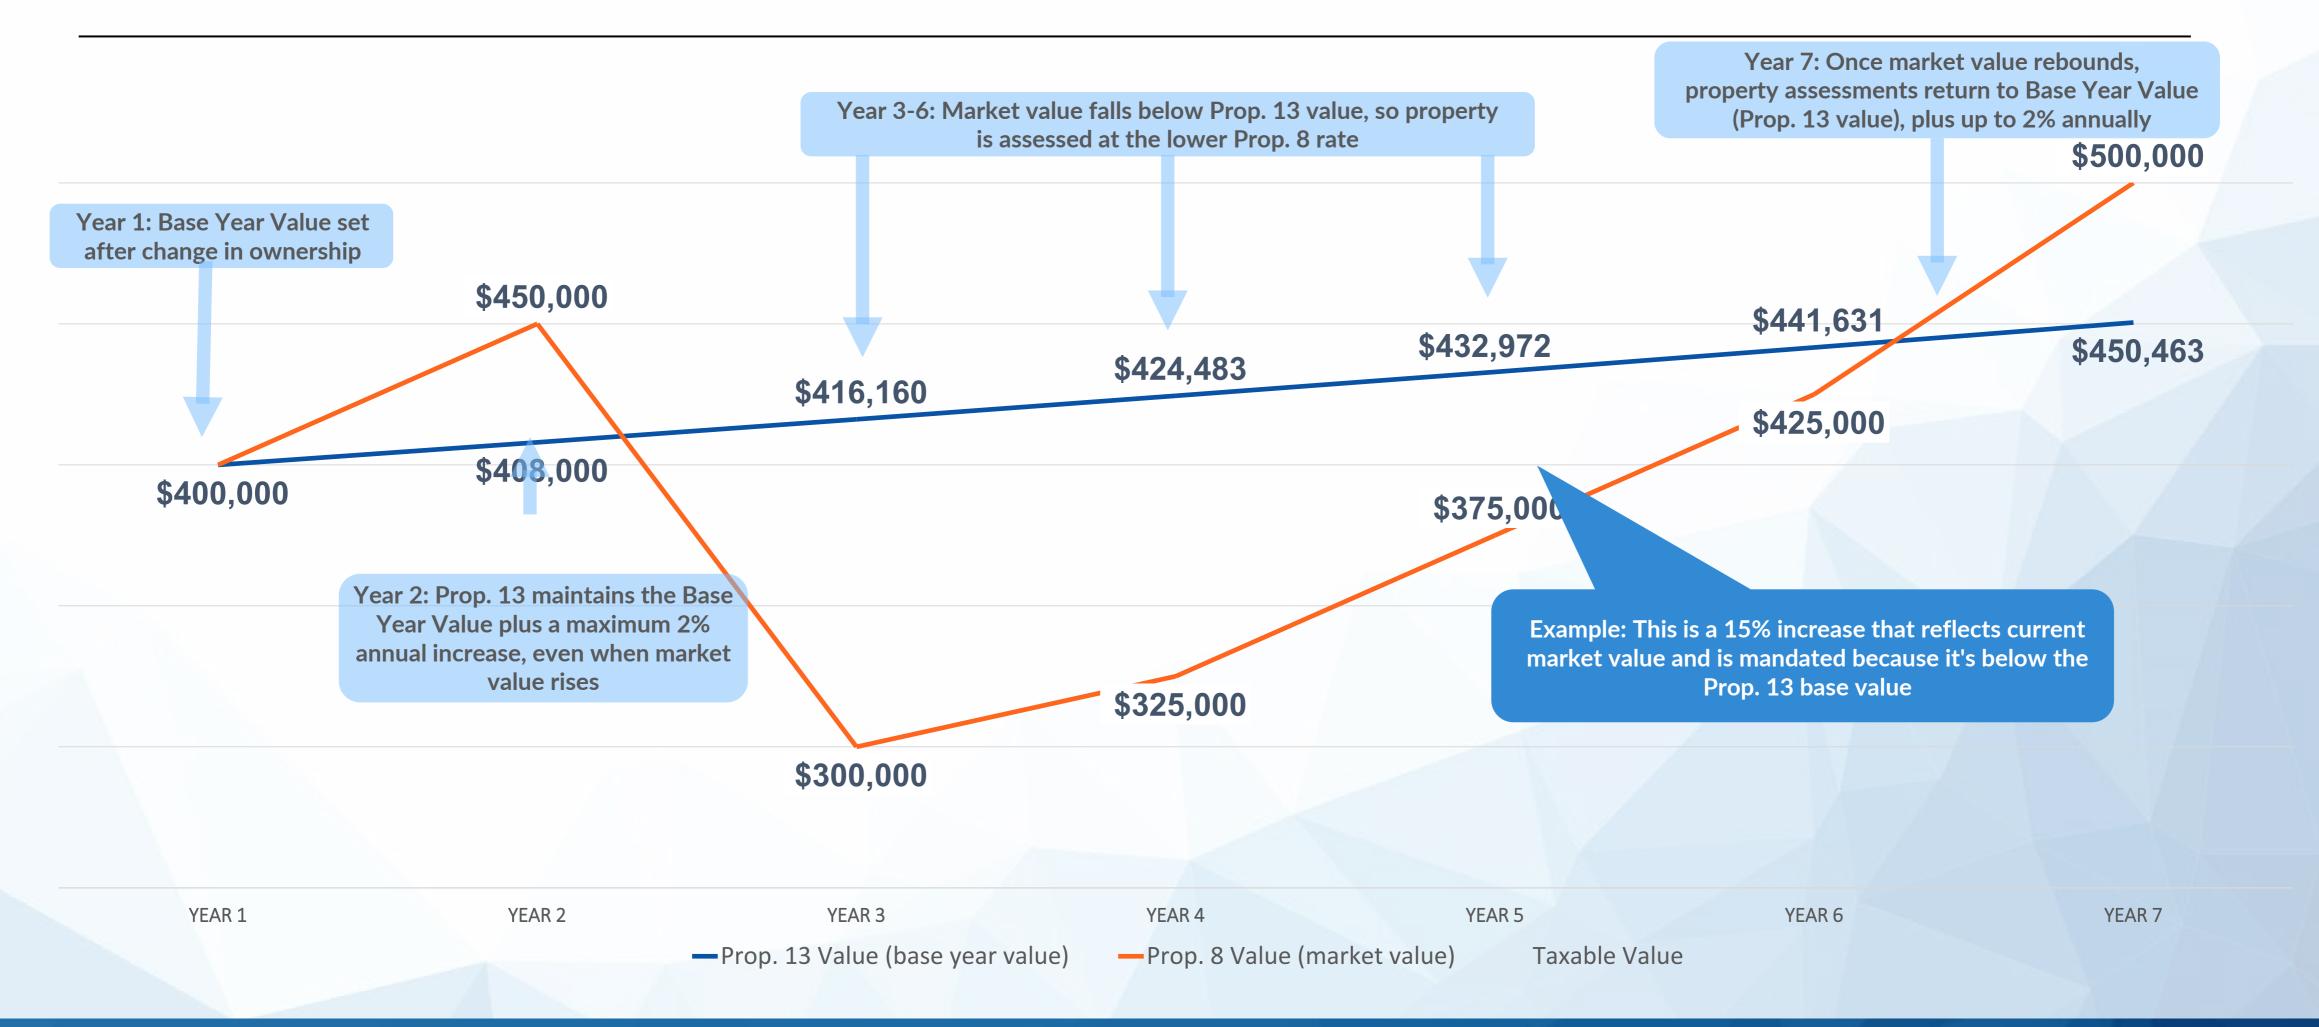

You must demonstrate that on January 1st, the market value of your property was less than its current assessed value.

• Keep in Mind – If you are granted a reduction under Proposition 8(DIV), it only affects the assessment year/tax bill that was filed on. To be considered for a decline-in value for the following year you must file another appeal.

HOW PROPOSITION 8 & 13 AFFECTS YOUR PROPERTY TAXES

METHODS THAT CAN BE USED TO PREPARE FOR THE HEARING

The following are common methods used for establishing Fair market value:

- Comparable Sales
- Income Approach
- New Construction
- Personal Property

THE COMPARABLE SALES APPROACH TO VALUE

- The comparable sales approach to value is the most common and reliable type of evidence used to support an opinion of "fair market value"; particularly for single family residences. If the opinion of value is to be supported with evidence of comparable sales, the properties sold shall be described by the Assessor's parcel number, street address or legal description sufficient to identify them.
- There are three general criteria used to evaluate the "comparability" of a property:
 - 1. The sale of the property must be an arms-length open market transaction.
 - 2. The "comparable" property must be similar to yours based on size, quality, age, condition, utility, amenities, site location, legally permitted use and other physical attributes; and
 - 3. The date of the sale of the comparable property may be any time prior to the valuation date; but cannot occur more than 90 days after the valuation date of your property (the date for which the fair market value of your property is being determined).

WHAT COMPARABLE SALES DATES DO I BRING?

*Accuracy of data should be verified when using internet sites.

 County Records - Sales lists are available in the Assessor's downtown and regional office locations

Appraisals:

Specific data within Appraisals will not be considered unless the Appraiser is present to testify, otherwise, the Board will only consider the raw data (comparables within the Appraisal) during the hearing.

INCOME APPROACH

- The income approach to value is used when the property has been purchased in anticipation of the money, income, that it will generate. An apartment building, purchased to generate rental income, would be an example of when the income approach to value would be appropriate.
- To support your opinion of value using evidence based on an income approach; the gross income, allowable expenses, capitalization method (direct capitalization or discounted cash flow analysis) and the rate or rates employed should be presented.

COST APPROACH

- •The cost approach to value establishes a "fair market value" for a property based on what it would cost to build or replace the structure. This approach may be useful in supporting the fair market value of a newly constructed building, or an addition to an existing building. In addition to the direct cost of construction, costs would include indirect costs such as cost of financing, property taxes paid during construction, and a reasonable allowance for entrepreneurial services.
- •If the opinion of value is to be supported with evidence of replacement cost, there shall be presented:
- With regard to improvements to real property: the date of construction, type of construction, and replacement cost of construction
- •With regard to machinery and equipment: the date of installation, replacement cost, and any history
- of extraordinary use regarding both improvements and machinery and equipment: facts relating to depreciation, including any functional or economic obsolescence, and remaining economic life.

PERSONAL PROPERTY APPROACH

- In general, Business Personal Property is all property owned or leased by a business except Real Property and Inventory items. Business Personal Property often includes, but is not limited to machinery, computers, equipment (e.g., FAX machines, photocopiers), telephones, furniture (e.g., desks, chairs, bookcases, and supplies.
- •The most common method used is the cost of acquiring the personal property compared to what it would cost if it were purchased within a reasonable time before or after the lien date.
- •At the hearing you will need to present evidence regarding the initial cost of the property, when it was acquired, its condition on the lien date, and its functional and/or economic obsolescence. For more information, call the Assessor's Personal Property Division at (213) 974-8613
- •Comparable sales for personal property may be used in the case of **boats** or **aircraft**. Sales should be reasonably close to the lien date and have occurred on the open market. The sales price should be verified with the buyer, seller, broker, or salesperson. For more information on acquiring evidence for this type of property, contact the Assessor's Marine/Aircraft Division at (213) 974-3119.

HAVING TROUBLE FINDING COMPARABLES...

- Vacant Land
- Income/Commercial Property
- If there are no recent sales within the immediate area of your property, you may need to extend

your search to other areas that are proximate or similar to yours in property type or mix, i.e.:

all residential, all commercial or a mixture of the two.

INADMISSIBLE EVIDENCE

- •Sales of comparable properties that occurred more than 90 days after the valuation date of your property. This is one of the most common examples of inadmissible evidence.
- •The amount of taxes paid on your property or another property.
- Appeals Board decisions regarding other properties or a previous Assessment.
- Appeals Board decisions on your own property.
- Assessed values of comparable properties.
- •Your age, health, or financial condition, or other matters not related to the value of your property.

Assessment Appeals

ABOUT

Under the authority of the Article 13 of the Constitution of the State of California, the Board of Supervisors established the Assessment Appeals Board to sit as the Board of Equalization of the Los Angeles County. Acting in a quasi-judicial capacity, the Assessment Appeals Board make fair and impartial decisions to settle the valuation disputes between the taxpayers and the Assessor's Office and to equalize the County's property tax roll.

On August 31, 2021, the Board of Supervisors approved an amendment to LA County Code Title 2 establishing a \$46 non-refundable filing fee for assessment appeal applications. Effective October 1, 2021, the fee must be paid when submitting an application. Please click here to read more.

If paying the fee would cause undue financial hardship, you may request a fee waiver. Waiver forms must be submitted online, in the mail, or in-person along with your application. Hardcopy versions are available here or from Room B4 at the Kenneth Hahn Hall of Administration.

TAX AGENT REGISTRATION OVERVIEW

On April 30, 2013, The Los Angeles County Board of Supervisors adopted County Code 2.165, an ordinance amending Title 2 – Administration of the Los Angeles County Code to implement a Tax Agent Registration Program and requirement for all tax agents within Los Angeles County.

The Assessment Appeals Board is responsible to facilitate the Tax Agent Registration process in the area of identifying tax agents, processing registrations, and posting an online report that lists all registered and unregistered tax agents who are required to be in compliance with the ordinance.

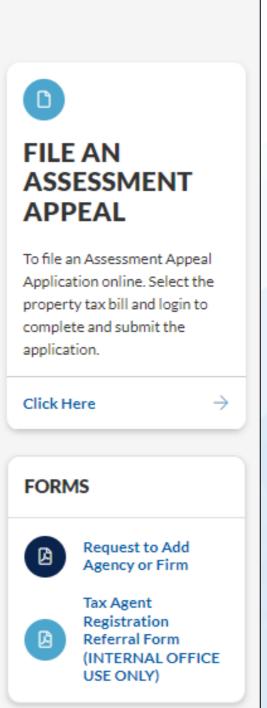

County Code 2.165 defines a "Tax Agent" as any person who is employed, is under contract, or otherwise receives compensation to communicate directly, or through agents, employees or subcontractors, with any county official with the Assessor, Assessment Appeals Board, Assessment Hearing Officers, Auditor-Controller or Treasurer and Tax Collector for the purpose of influencing official action.

Tax Agents will be required to register with the Executive Office of the Board of Supervisors within 30 days after July 1, 2013, or within the first 30 days of first becoming a tax agent.

DAY OF THE HEARING

- 1. Applicants are responsible to login / arrive to the hearing at least 15-30 minutes before the scheduled hearing time.
 - If the applicant has an agent, attorney, or representative they will act on your behalf with full authority.
- 2. Check in with the clerk. Hearings may begin early if all parties are present.
- 3. The clerk maintains the order and flow of appeals before the Board or Hearing Officer.
- 4. Depending upon arrival time and complexity of the case, the applicant should be prepared to spend several hours to the whole day at the hearing.

WHAT IS THE DIFFERENCE BETWEEN A BOARD AND HEARING OFFICER HEARING?

BOARD HEARING (Currently Held Virtually or In-Person)

The appeal is heard before a three-member Board panel, in a courtroom-like setting and is recorded. In addition, an appeals clerk, along with an Assessor's representative(s) will be present.

HEARING OFFICER (Currently Held Virtually)

Hearings before a Hearing Officer are less formal than hearings before the Board and involve less-complex cases. The Hearing Officer reviews evidence presented by you and the Assessor's representative at the hearing and makes a recommendation regarding the fair market value of your property. The Applicant, Assessor, and Board have the opportunity to reject the recommendation. If this is not done, the recommendation will be finalized by the Board.

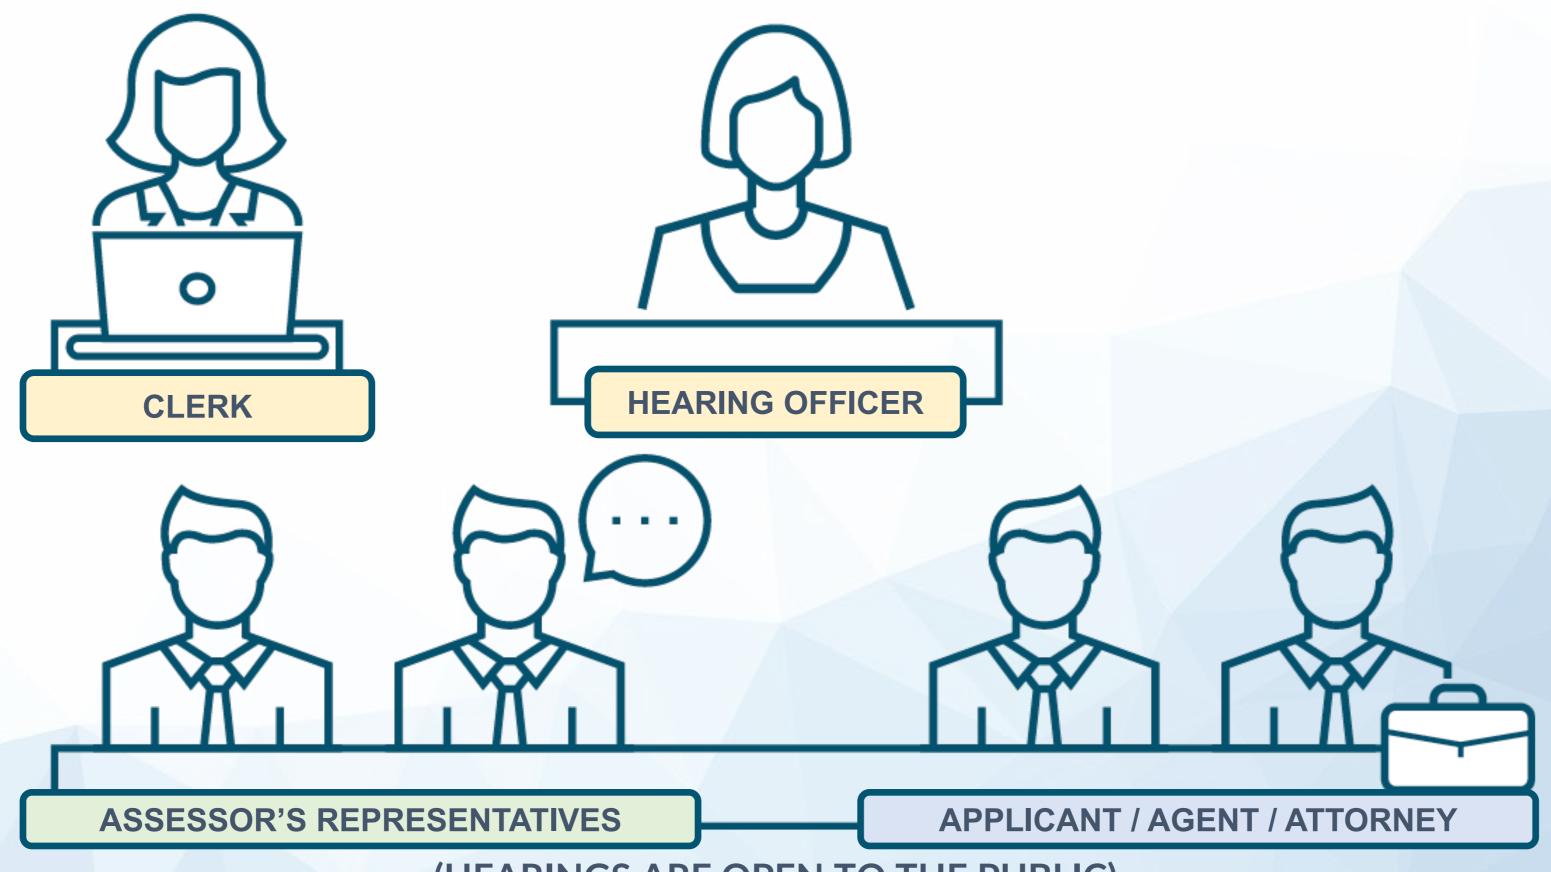

Any single-family dwelling, condominium, cooperative or multi-family dwelling of four units or less, regardless of value, or any other property type that does not exceed \$5,000,000 in assessed value may go to a Hearing Officer hearing.
