**SUPPLEMENTAL AGENDA**

**87-A. Legal Pathways to Los Angeles County Serving as the Palisades and Eaton Fire Rebuilding Authority**

Recommendation as submitted by Supervisor Horvath: Instruct County Counsel to report back to the Board in writing in seven days detailing the viability of the County serving as a Rebuilding Authority across all jurisdictions impacted by the January 2025 wildfires and any legal authorities that would require State authorizing legislation to fulfill the following roles:

Issue, deploy, and implement tax increment financing, Federal, State, and philanthropic funds;

Manage and coordinate rebuilding and related logistics between public and private reconstruction;

Purchase lots at a fair price for land banking, with first look sale options provided to returning residents and their families and to create community amenities, such as open space, that could promote community-scale resiliency;

Work with builders to reconstruct properties to resilient construction standards and that prioritize strategies for accelerated and cost-effective rebuilding;

Create economies of scale for acquiring equipment and materials by bulk purchasing critical construction materials;

Support the reconstruction workforce by partnering with trades, facilitating training, and creating temporary workforce housing;

Enhance financing options for families that lack the ability to cover costs of rebuilding by partnering with private lenders, community development finance institutions, private philanthropy, and non-profits;

Facilitate reconstruction of lost rental housing stock, including by

promotion of accessory dwelling units;

Carry out other activities that enhance property insurability and promote a resilient and sustainable recovery; and

Provides a meaningful mechanism for community engagement.
