

WOMEN IN THE LOS ANGELES COUNTY JAIL

AN ANALYSIS OF LASD DATA (2010-2016)

Danielle Dupuy MPH, Sofia Espinoza MPP, Joanna Itzel Navarro, Kelly Lytle Hernandez PhD, and the Million Dollar Hoods Team

Between January 1, 2010 and December 31, 2016, the Los Angeles County Sheriff's Department (LASD) recorded 173,023 bookings of women into the Los Angeles County Jail. Collectively, these women were confined for at least 16,466 years at a minimum cost of \$751,969,367. Using LASD data, this report provides a breakdown of the bookings by race and time spent incarcerated. We reveal the most common charges women face in the L.A. County Jail and the neighborhoods where women were most impacted during this time period.

This report uses data provided by the LASD to Professor Kelly Lytle Hernandez on September 6, 2017 in response to a PRA request dated July 3, 2017. The dataset includes information on bookings into the L.A. County Jail between January 1, 2010 and December 31, 2016. For this report, we analyzed the following categories of information: Race, Gender, Date of birth, Address (home address), Arrest charges and Jail days. Jail days were calculated based on booking and release dates. It was assumed that a person had not been released between 2010 and 2016 when the release date was not provided. In those cases, the release date was set at the end of the data period, 12/31/2016. We calculated the cost per booking as follows: cost = the 2010-2016 average booking fee (\$315.89) + (average daily maintenance cost(\$115.94) * days spent in jail). This report includes bookings of women 18 years of age and older. The graph describing bookings of women by supervisor district includes women whose home address was located in L.A. County. Women who were houseless or whose home address was outside of L.A. County are not represented in this graph. There were up to 17 charges listed per booking in the data set. "Most Common Charges" refers to those charges that appeared most often across the 17 charges. We could not determine the lead charge in the dataset provided. "Possession of a controlled substance" includes the following charges: Health and Safety Codes (HS) 11350*, 11375(A), 11375(B)2, 11377*, 11550*, Business and Professional Code (BP) 4060. "Driving on a suspended license/no insurance" includes the following charges: Vehicle Codes (VC) 12500*, 14601, 14601.1*, 14601.2*, 14601.3*, 14601.4*, 14601.5*, 16028*. "Theft/shoplifting/larceny" includes the following charges: Penal Codes(PC) 459.5, 484*, 484.1, 485, 490, 498*, 537*, 587(C), 666 *, U.S. Code title 18 1708. "Failure to appear" includes the following charges: VC 40508* and PC 853.7, 853.8. "DUI" includes the following charges: VC 23152*, 23153*, 23550*, 23550.5. * indicates there are code subsections included, for example DUI includes VC 23152 , 23152(A), 23152(B).
