* Note - Statistics cited in the above table are derived from the LASD Quarterly Disciplinary Report for October 1, 2006 through December 31, 2006 and reflect all administrative discipline cases in which LASD executives have approved discipline during that quarter. The OIR Report of Oversight of Administrative Discipline Cases (attached) is a tracking chart showing case progress. It includes cases where discipline has not yet been imposed, cases where there has been a finding that no discipline is appropriate, and cases where past discipline is being appealed. As a result, the actual imposition of discipline noted on the OIR chart will, in some cases, have been imposed in an earlier quarter. OIR feels it important to retain those cases on the chart however, so that the public can be informed about their eventual outcome. New information regarding existing cases and cases initiated during this quarter are indicated by bold typeface. The "Subsequent History" column in the tracking chart reports whether OIR concurred with any modification of discipline. Unless expressly noted, OIR did not necessarily concur with a modification of discipline undertaken during the grievance process. OIR strives to provide the greatest degree of transparency possible to the administrative discipline process yet respecting the right to privacy of LASD employees as expressed by law.

** "Discharge" as referenced in this chart and the OIR Report of Oversight of Administrative Discipline Cases means cases in which LASD has informed the employee that it intends to discharge him or her. Subsequent due process appeals and grievance proceedings initiated by the employee after notification can result in reinstatement. OIR continues to track the status of the cases it reviews, and will provide any relevant updates in future charts if and when a change in discipline occurs.
