REVISE:

Development Ground Lease Agreement for the LA County Care Community with the State of California at the Metropolitan State Hospital Campus

Revised recommendation as submitted by Supervisor Hahn: Approve the project for the LA County Care Community at Metropolitan State Hospital. Find that entering into a Development Ground Lease for 99 years to be used by the Department of Mental Health and the Los Angeles County Development Authority, acting as an agent of the County, is authorized by Government Code Section 25351, which allows the County to enter into leases and agreements for the leasing of buildings, as necessary, to carry out the work of the County government. Find that the approval of the Development Ground Lease for the Premises located at 11401 Bloomfield Avenue in the City of Norwalk, and related actions are within the scope of the Board's previous finding of exemption from the California Environmental Quality Act (CEQA). Find that the negotiation and execution of an amendment to the Exclusive Negotiating Agreement (ENA) is not a project under CEQA. Take the following actions:

Authorize the Chief Executive Officer to execute a Development Ground Lease agreement with the State for certain real property located at 11401 Bloomfield Avenue in the City of Norwalk, at an annual rental rate of \$1. ...

Authorize the Chief Executive Officer to enter into an amendment to the ENA entered into on June 26, 2024, to allow for the potential to explore potential development of additional vacant buildings at the Metropolitan State Hospital. (25-3885)
