

# Billing guidelines

**Berwick, Casey, Clyde, Dandenong, Frankston, Frankston Surgical Centre, Mulgrave,  
Peninsula Private Hospital, Rosebud, The Bays**

I-MED Radiology employs a mixed billing policy. To deliver the highest quality imaging services and support better healthcare outcomes, we continually invest in our expert staff and the latest medical technology. Charging a gap fee helps us maintain and upgrade our equipment, ensuring patients receive the best possible care.

| Modality                  |                                                        | Pensioner/HCC Gap<br>Minimum Charge | Private Gap<br>Minimum Charge |
|---------------------------|--------------------------------------------------------|-------------------------------------|-------------------------------|
| General x-ray             | General x-ray                                          | Bulk bill                           | \$90                          |
| CT                        | Diagnostic General                                     | Bulk bill                           | \$240                         |
|                           | Interventional                                         | \$140                               | \$250                         |
|                           | Calcium Scoring                                        | \$290                               | \$290                         |
| Ultrasound                | General /MSK (unilateral)                              | Bulk bill                           | \$170                         |
|                           | Obstetric (exc dating)                                 | \$145                               | \$210                         |
|                           | Obstetric (dating)                                     | \$145                               | \$180                         |
|                           | Breast                                                 | Bulk bill                           | \$170                         |
|                           | Vascular                                               | Bulk bill                           | \$210                         |
|                           | Carotid/DVT                                            | Bulk bill                           | \$210                         |
|                           | Interventional (MSK)                                   | \$185                               | \$290                         |
|                           | Core Biopsy                                            | \$70                                | \$175                         |
| Mammography/tomosynthesis | Bilateral                                              | Bulk bill                           | \$165                         |
| MRI                       | GP referred                                            | Bulk bill                           | Bulk bill                     |
