

# Billing guidelines

## Wagga

I-MED Radiology employs a mixed billing policy. To deliver the highest quality imaging services and support better healthcare outcomes, we continually invest in our expert staff and the latest medical technology. Charging a gap fee helps us maintain and upgrade our equipment, ensuring patients receive the best possible care.

Modality		Pensioner/HCC Gap Minimum Charge	Private Gap Minimum Charge
General x-ray	General x-ray	Bulk bill	\$95
