

APPLICATION HIGHLIGHT

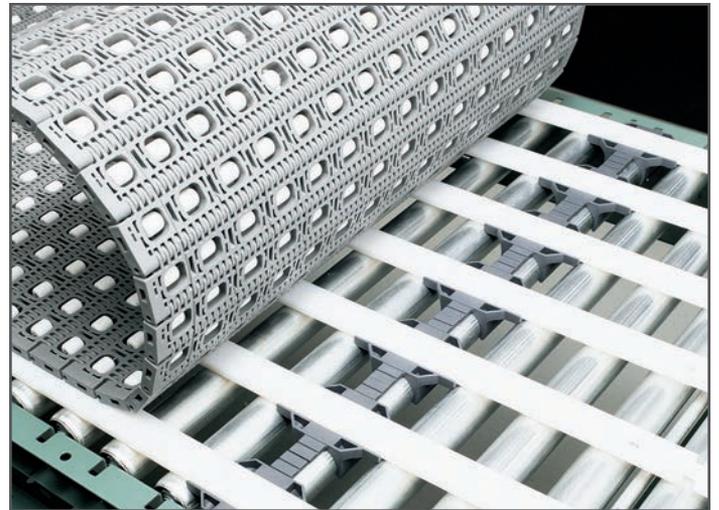

THE SIMPLE WAY TO UPGRADE YOUR SEAT DELIVERY SYSTEMS

Seat delivery is a critical part of the supply chain for automotive plants, but traditional roller accumulation systems can cause problems. Rollers often break, jam, or get parts stuck in them. Fixing these issues is a challenge, especially when rollers are located high above ground and difficult to access.

Though these problems are complex, the solution is simple: the Intralox Series 400 Roller Top Retrofit. By eliminating many of the issues found in traditional roller systems, an S400 Roller Top Retrofit ensures effective, problem-free seat delivery and accumulation for your automotive plant.

BENEFITS OF INTRALOX'S ROLLER RETROFIT SOLUTION

- **Easy to Install:** The S400 Roller Top belt is custom made to fit onto your existing roller conveyor. Roller Retrofit components include drop-in drives and idlers. This ensures a quick and easy retrofit that minimizes the time and money spent during installation and prevents unnecessary plant downtime. No drilling or precise location measurements required.
- **Easy to Maintain:** The innovative roller top surface eliminates the need to fix, lubricate, replace, or dislodge parts from rollers. With fewer line jams and maintenance issues, difficult-to-access areas pose fewer challenges for plant personnel.
- **Easy on Products:** The S400 Roller Top belt provides minimum-back-pressure accumulation on continuous lines. Acetal rollers on the roller belt surface rotate in the direction of belt travel to provide near-zero back pressure.

The S400 Roller Top Retrofit is easy to install over existing roller conveyors, saving expensive replacement costs.

Please contact us to learn more about upgrading your seat delivery system with a simple Intralox retrofit solution. We will work with you to provide **custom payback analysis**, comprehensive engineering calculations, and conveyor design support.

Country- and industry-specific toll-free phone numbers, and information on Intralox's global locations, available at www.intralox.com.

Intralox, L.L.C. USA, New Orleans, LA, +504-733-0463, Toll Free: 1-800-535-8848

Intralox, L.L.C. Europe, Amsterdam, The Netherlands, +31-(0)20-540 36 00, Toll Free: +800-4687-2569

Intralox Shanghai LTD., Shanghai, China, North Toll Free: 10800-711-0100, South Toll Free: 10800-110-0100

Global Assembly Center Locations: Japan • United Kingdom • Australia • Brazil • India
