

### Data Use Stipulations.

- I agree that the data I may receive are only intended for my proposed analyses.
  - I agree to not use the data in any manner that could compromise participant confidentiality.
  - I agree to not attempt to identify any participant.
  - I agree to not share the data with anyone else without the expressed written permission of a member of the ALLFTD Executive Committee.
  - After the data has been analyzed +/- published, I agree to delete raw data and any file that allows reconstruction of raw data. Completed research outputs that do not include identifying raw information may be retained.
  - I agree to share any measurements based upon ALLFD biospecimen samples with the ALLFTD Data management team.
  - I agree to send all relevant results/findings back to the ALLFTD/4RTNI-2 data management team for long-term storage and data-sharing if requested.
  - I agree that all data generated in my analyses may be shared publicly through the ALLFTD/4RTNI-2 data request process following an appropriate embargo period (6 months or publication, whichever is shorter).
  - I agree to abide by the ALLFTD publication policy found [HERE](#).
  - I agree to acknowledge the ALLFTD (U19AG063911), ARTFL (U54NS092089) and/or LEFFTDS (U01AG045390) grants on any publications resulting from analysis of these data.
- 
- By my typed signature in the format below, and the date, I agree to abide by all the statements above.
