The screenshot displays the STAHL'S TRANSFER EXPRESS software interface. On the left, a vertical sidebar contains navigation options: Get Started, Edit, Add Text, Add Clip Art, Add Layout, Upload, and Mock Up. The main workspace is titled 'Choose Distress' and features a warning message: 'WARNING: Please wait to add distress until you are finished designing. Applying it before then will lead to performance issues.' Below the warning is a list of five distress patterns, each with a small preview and a label: X19A-995, X19A-996, X19A-997, X19A-998, and X19A-999. At the bottom of this panel, a blue button labeled 'Clear from Selection' is highlighted with a red arrow. The right side of the interface shows a design on a 'Sheet ( 11.25 x 14 )' with a blue distressed effect applied to the text 'MENTOR' and 'PANTHERS' and a tiger head logo. The design also includes the phrases 'Stay Hungry' in a script font. The top of the interface has a menu bar with 'Design', 'Options', and 'Review' tabs, and a toolbar with icons for Object, Align, Arrange, Art Board, Zoom, and a trash icon. A color selection tool labeled 'Apparel Color' is visible at the bottom right.
