Anest Iwata	W400LV	1.4	20psi

These recommendations are only a general reference and should be used solely as a starting point.

Your particular spray equipment and application technique may require slight adjustments due to environment and size of repair.

Contact your gun manufacturer for specific instructions on tip selection.

All equipment was tested using “full trigger” during application with regulators approved by each gun manufacturer.

To meet regulations in Compliant areas and EPA 6H requirements, all spray equipment should use regulators approved by the spray gun manufacturer.

PPG Industries does NOT endorse any particular type or brand of application equipment.
