

Vector Solutions Online Training

Online training that works for you and your employees

Training your staff is more efficient and cost-effective with on-demand courses from Vector Solutions. Courses are tailored to the education sector, giving your employees the tools they need to do their jobs safely and compliantly.

Train on topics that matter

Fund members benefit from 30 courses covering compliance and child abuse. Based on your coverage lines, you can access up to 20 more courses, all at no cost.

Eligibility: Organizations that purchase only Unemployment Compensation coverage or Workers' Compensation Administrative Services Only are not eligible.

Customize your experience

Whether you stick with the pre-selected course package, upgrade to the full catalog at a discounted rate, or upload your own handbooks, policies, and courses, Vector Solutions offers a comprehensive, custom training solution.

Easily manage and track

You can assign courses to employees, set up training plans for new hires, and create email reminders for outstanding assignments. Get usage data at your fingertips with real-time reports on who has completed training. Cybersecurity is important to us, so your employees never share personal information to log in.
