

Splashathon

for  Children's Health
FOUNDATION

Crumlin • Temple Street • Tallaght • Connolly

SUPPORTING CHILDREN'S HEALTH IRELAND

Every Water Babies swimmer across Ireland will complete a swimming challenge dressed as their favourite super hero, raising sponsorship to help give every sick child in Ireland every chance.

Splashathon will be held during your regular Water Babies class. For dates please ask your swim teacher

We're off to help sick children,
will you join us?

Why Fundraise for the Children's Health Foundation?

Children's Health Foundation work to give every sick child in Ireland every chance. Their work will not stop until every sick child in Ireland has everything they need to fight illness and injury, that every doctor and nurse have everything they need to treat sick children, and that every researcher has everything they need to find new cures.

When a child gets seriously ill, family life turns upside down. Important life milestones are missed and sometimes lives are changed forever. Childhood illness affects families from every corner of Ireland. We can't stop a child from ending up in hospital, but when they do, we want them to have every chance for the best possible outcome.

Together we can give every sick child in Ireland every chance. Will you and your superhero join us?
