Overnight Visitor Summary - City of Rockingham

2024 ***NOTE: Due to small sample sizes, Domestic has been calculated as a 2 year average e.g. 2024 is the average of 2023 + 2024. International is individual years. Totals are a sum of these 2 different methodologies so should be used with caution.**

The data in this factsheet refers to visitors who have spent at least one night in the City of Rockingham Local Government Area (LGA).

Visitor Factsheet - Further Information

The data in this factsheet refers to visitors who have spent at least one night in the City of Rockingham Local Government Area (LGA).

Important Note

All data is sourced from Tourism Research Australia’s National and International Visitor Surveys (NVS and IVS).

To increase the sample size and hence improve the reliability of the data, visitor and nights estimates for Domestic in this document are based on an average of two calendar years. International by individual year (see additional explanation below). Totals are for the sum of these two methodologies and should therefore be used with caution.

Number of international visitors cannot be provided for 2021 as this was not available at LGA level and has been provided for other years where sample size permits.

The demographics and trip details show comparisons between 2023+24 (current) and 2018+19 (pre-COVID). Due to the reduced number of international visitors between 2019 and 2021 and the unreliability of 2022 data, these years have been excluded for international visitors.

It is recommended by Tourism WA that the visitation statistics in this fact sheet are used in conjunction with other information sources that you have access to. This might include population statistics from the Australian Bureau of Statistics, feedback from local operators, information from local Visitor Centres, data from local councils etc.

Methodology and definition changes are made to both the IVS and the NVS from time to time. As such, estimates in this factsheet are not comparable to previous factsheets. For further information, see [NVS Methodology](#) or [IVS Methodology](#) on Tourism Research Australia's website and the [Changing Visitor Spend](#) factsheet on Tourism WA's website.
