

Flexcon[®] DPM Aply[®]

PM 200 White TC-716 V-344 60 PFW Air Egress

Bubble-free solutions for durable goods labeling

Target market

- Durables/Industrial

Recommended applications

- Narrow-format brand identification labels (nameplates) and safety/hazard/instructional labels for outdoor power equipment and other durable goods applications

Benefits -

Polyester for durability

- Durable 50μ white polyester features excellent tear strength and chemical resistance for the most challenging applications

Robust topcoat

- TC-716 provides excellent resistance to smudging and scratching
- Provides cross-platform printability

Ensure lasting adhesion

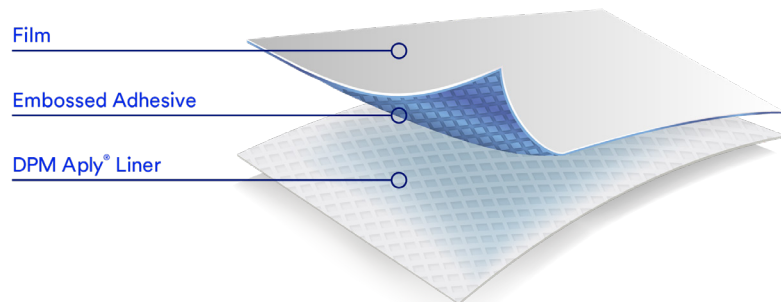

- Industry-proven V-344 high-performance permanent solvent-based acrylic adhesive bonds well to challenging surfaces with no label lifting

Eliminate bubbles, wrinkles, and rework

- 100 g embossed air egress liner creates air egress channels in the adhesive to eliminate bubbles, wrinkles, and rework in the application process and post-application process of durable labels yielding labels with superior appearance

Achieve optimal converting performance

- Layflat liner prevents curling on press providing optimal converting performance – ideal for roll-to-sheet and sheet-form converting for narrow-format digital printing

Sample availability

- 110mm x 25Lm rolls
- A4 sheets

Made to order - Flexcon Europe

- 1524mm master width

This product is for the European market only.
