

Contract Manufacturing

Combining your technologies
with our manufacturing capabilities

Leverage our capabilities

FLEXcon's **Contract Coating and Contract Manufacturing** capabilities encompass decades of experience and proven success. By working with our customers' unique coatings and substrates, combined with our films and high-performance adhesives, and print-receptive coatings, we create exclusive custom constructions to meet specific requirements and achieve desired outcomes.

Choose from a **wide variety** of product components

- 100+ Topcoats
- 200+ Adhesives
- 400+ Films
- 50+ Liners

Coating Capabilities

	Roll-to-Roll Coating Application Methods	<ul style="list-style-type: none"> 3- & 4-Roll Mayer Rod Slot Die Gravure 	<ul style="list-style-type: none"> Knife Single & Dual-Sided Zone
	Pressure-Sensitive Coating Types	<ul style="list-style-type: none"> Solvent-Based Water-Based Rubber-Based 100% Solids 	<ul style="list-style-type: none"> UV Cured Acrylics Silicones
	Print-Receptive Coating Types	<ul style="list-style-type: none"> Flexographic Gravure Screen Inkjet 	<ul style="list-style-type: none"> Laser HP Indigo HP Latex

	Web Feed	Roll-to-Roll
	Web Width Range	9" to 78"
	Substrates	<ul style="list-style-type: none"> Films (PP, PET, PVC, PE, PI, PVDF, etc.) Foils Fabrics Foams

	Curing Capabilities	<ul style="list-style-type: none"> Multiple Zone Thermal Drying UV Curing
	In-Line Treatment	Corona Treatment
	Clean Room	ISO Class 7 Certified
	Lamination Operations	In-Line Lamination
	Finishing Operations	Custom Slitting & Sheeting

Capabilities

Research & Development

- Product Design
- Lab Prototyping
- Custom Testing
- Formulation
- Chemistry Modification
- Custom Mixing
- Technical Service
- Application Development Engineers

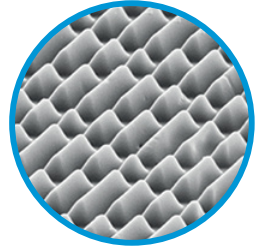

Coating

- Adhesive Coating
- Topcoating
- ISO Class 7 Cleanroom
- Adhesive Thickness
- Range from 0.5 mil to 4 mil
- Single- and Double-sided Coating
- Zone Coating

Laminating

- Multilayer Laminations
- Heat Laminations
- Cold Laminations
- Heat Seal Laminations

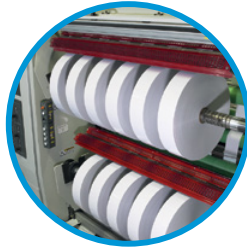

Surface Modification

- Microembossing
- Perforation
- Brushing
- Dyeing
- Nano-Imprint Lithography
- Topcoating
- Corona Treatment

Holography

- Metallized Films
- Holographic Films
- Security Films

Finishing

- Slitting
Cut Sizes from 4" to 60" Wide
- Sheeting
Sheets 8" to 102" Long
- Custom Packaging
- Rewinding & Splicing Capability

Quality Assurance

- Product Verification
- Certifications (CoC / CoA)
- Regulatory Testing
- Customer Specific Testing
- Regulatory (Component & Compliance)
- Customer Service & Support

Distribution

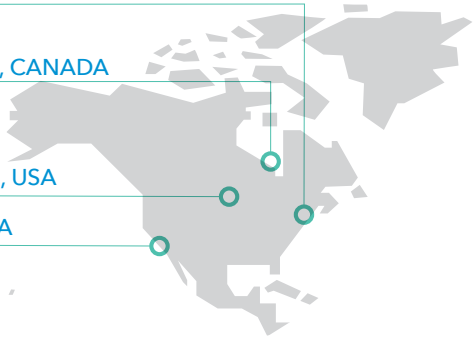

- Warehousing
- Customer Special Stocking
- Global Distribution
