

An Affiliate of Baptist Health Care

Andrews Institute- Physical Medicine and Rehabilitation

We are happy to schedule you as a new patient with Dr. Adam Mullan.

We are located at: 1040 Gulf Breeze Parkway, Suite 210 Gulf Breeze, Florida 32561

Phone: 850.916.8697 Fax: 850.916.8666

| Appointment Date: | Appointment Time: | Arrival Time: | |
|-------------------|-------------------|---------------|--|
| • • | • • | | |

In anticipation of your upcoming appointment, we would appreciate your attention to the following information:

- Please complete the enclosed paperwork in its entirety to ensure the most accurate records for our physicians. This includes an up-to-date medication list.
- If you are late to your appointment, we reserve the right to reschedule your appointment. This policy helps ensure a timely schedule for both the physician and our patients.
- It is the patients responsibility to verify that the physician you are seeing is in-network with the health insurance plan you have. You can call the customer service number located on the back of your health insurance card to verify this.
- Please provide our office with any pertinent medical records, x-ray, MRI, or CT reports. This is immensely helpful to the productivity of your appointment. If the imaging was done outside of the Baptist Health Care System, please bring a CD with the images so that they may be viewed by the physician at your appointment.
- Please keep in mind that our office does not take over medication management for controlled substances (i.e. opioids or narcotics).
- Please do not mail your paperwork back to us, bring the completed paperwork with you to your appointment.

We look forward to meeting you at your upcoming appointment.

Thank you for choosing the Andrews Institute Physical Medicine and Rehabilitation for your medical care needs.

Follow My Health Patient Portal Instructions

Thank you for choosing Baptist Health Care for your health needs. We want to help empower you in your health goals. Managing and accessing your care is easy and convenient with Baptist Health Care Patient Portal powered by Follow My Health. Register for this platform to:

- Review your medical information in a safe, secure environment.
- Communicate with clinical team via secure messaging.
- View test results, medications, allergies, conditions, discharge instructions, and education material.
- Request prescription renewals.

Use the Follow My Health Registration link sent to the personal email address you provided and complete the next three steps to sign up and connect. If you have not shared your email address to receive an invitation to our patient portal, you can choose to share it any time in the future by contacting your physician's office.

- 1) **Click Sign Up and Connect.** If you already have a portal account and want to connect with an additional provider, click Sign in and add this connection (skip to step 3)
- Create a username for your portal account. By default, this will be your email address. Next, create a password following the criteria noted on the right of the screen. Confirm your password to continue.
- 3) Connect your account. Follow the on-screen prompts to complete your account connection. These screens include accepting our Terms of Service, entering your Invite Code [the last four digits of your social security number or your year of birth] and accepting the release of information.

You will then be ready to access and manage all of your personal health information in a secure location **24 hours a day/ 7 days a week** using any computer, smartphone or tablet.

If you have any questions regarding the registration process, please contact FollowMyHealth Support Services at 1.888.670.9775 or email noreply@followmyhealth.com

Introduction to PatientlQ

PATIENTIQ IS A PLATFORM FOR HEALTHCARE PROFESSIONALS, RESEARCHERS, AND INDUSTRY PARTNERS TO COLLABORATE ON THE MISSION TO IMPROVE PATIENT OUTCOMES.

WHY DOES ANDREWS INSTITUTE PARTNER WITH PATIENTIQ?

Our mission is to provide you excellent, cutting-edge patient care and develop new patient treatment regimens using novel technologies. The PatientlQ platform empowers our clinical teams with a modern healthcare platform to better monitor your healing and recovery, send you timely information related to your treatment plans, and gain insights into how to best treat our patients over time. We are committed to continuously improving, and that starts first with measuring our performance today.

WHAT ARE THE BENEFITS?

PatientlQ clinical pathways allow our healthcare providers and care teams to track your status and compare your progress versus other patients with a similar diagnosis and/or undergoing a similar treatment. With patient-reported outcomes, providers can garner an accurate longitudinal evaluation of their patients' health at the individual and population health levels. With analytics, PatientlQ informs decision-making by care teams, which ultimately leads to better outcomes.

HOW DOES IT WORK?

After being assessed by a provider, your care team may enroll you in a given pathway built within the PatientlQ platform. You will then be contacted via email or text to complete tasks from any device (smartphone, tablet, computer) that will aid you through your care journey, from preop to post-op, and throughout your recovery. The metrics are collected and analyzed to assist providers in decision-making.

These pathways can consist of:

- · Assessments and questionnaires about your health status
- Clinical documentation consent forms, intake forms, etc.
- Educational materials videos, PDF documents, and other interactive content
- · Self-guided physical therapy protocols and instructions
- · Surveys on recent visits

These are the steps in the process:

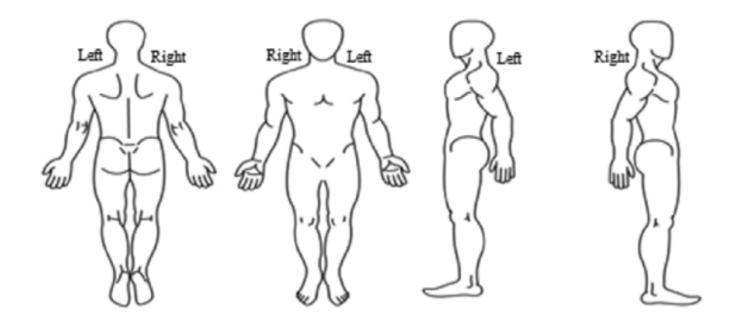

- 1. You are provided care at an Andrews Institute location.
- 2. Your clinical signs/symptoms are logged into the electronic health record and then you may be automatically enrolled in a digital care pathway.
- Upon enrollment, you will receive an automated email and text message from your provider, asking you to complete the assigned tasks.
- 4. In the email, there will be a call-to-action button that, once clicked, will open the default web browser and prompt you to complete your assigned tasks.
- 5. Responses are stored, calculated, and sent automatically to your care team for review.
- 6. Your care team will analyze results and determine action items.
- 7. This process will repeat at relevant intervention points throughout the journey to recovery.

If you have issues with your tasks, please contact support@patientig.io

Baptist Medical Group Patient Registration Form FM-702 Pg. 1 of 1 (07/2023)

Communication with Family Members and Friends Involved In Patient Care

This form documents my request to allow family members and/or friends to be involved in relevant <u>verbal discussions</u> regarding my health care. By signing this form, I permit Baptist Medical Group ("BMG") staff to discuss information about me with the people listed below. This information may include diagnoses, test results, treatments, and payment information, but shall be limited to only the information that, in the professional judgment of your provider, needs to be shared.

I understand that signing this form is voluntary and that I am not required to sign this form in order to receive health care.

I understand that information may be released to family members or others without this form, if allowed by federal and state law.

I understand that listing a person on this form does not give them the right to receive or copy my written medical records. It does not allow them to consent for health care services on my behalf.

I understand that my health care provider will discuss only the information that the person involved needs to know about my care or treatment.

I can update this form at any time by completing a new form and giving it to BMG staff.

I understand that BMG staff will verify the identity of the people below (if not known to the staff) prior to discussing this information.

I understand that this is not a Health Insurance Portability and Accountability Act (HIPAA) authorization form that would allow the people below to have access to my written Protected Health Information
