

Dear New Patient,

Welcome! Thank you for the opportunity to assist you with your orthopaedic needs. The following information will help you prepare for your visit with Dr. Brothers.

Please bring all past medical records and any study results related to your current problem to your first visit. If you have had x-rays, MRI, CT scan, or other imaging, we need both a report and a disc with the images. You can obtain these from the facility where you had them done or have them forwarded to our office prior to your appointment. Imaging within the past 6 months only or our office will order new x-rays prior to your appointment.

If you cannot make your appointment, please notify the office.

If you need language translation or interpreter assistance, please notify us in advance so we can make arrangements.

Please complete the enclosed new patient paperwork prior to your first appointment. You may return it via fax 850.908.3149 or present it at your appointment. Please bring your current insurance card and driver's license to your first appointment.

We appreciate the opportunity to provide you with orthopaedic care as well as your cooperation in following the above guidelines.

Should you have any questions, please do not hesitate to call our office at 850.908.3140. We look forward to treating your orthopaedic needs.

Sincerely,
