

# Atraumatic Occlusion

Edwards Lifesciences offers a wide range of clamps, clamp inserts, spring clips and handleless clamps to meet your needs for atraumatic occlusion.

Edwards

# An entire line of atraumatic occlusion products by the company that brought you the Fogarty® catheter

The Edwards Lifesciences wide line of atraumatic occlusion products includes Fogarty Hydragrip clamps, clamp inserts, spring clips and handleless clamps. Edwards clamps are adaptable to various vessel conditions and procedures through fully interchangeable inserts with a range of resilience and traction.

## Fogarty Hydragrip Clamps

- Perform efficiently on either diseased or normal vessels
- Provide adequate traction through replaceable inserts

## Fogarty Clamp Inserts

- Available in 33, 61 and 86 mm sizes for a wide range of procedures

## Fogarty Spring Clips

- Are designed to provide a consistent degree of tension
- EverClip reduced force spring clip is designed to minimize vessel trauma while maintaining occlusion

## Fogarty Handleless Clamps

- A ratchet-type mechanism allows for desired degree of pressure

The spring clips and handleless clamps are radiopaque for visualization under fluoroscopy
