

Investment Analyst – Energy & Infrastructure

About Downing

Downing is a fast growing, entrepreneurial investment manager based in the City of London. Our passion is finding and funding great entrepreneurs, helping them grow their businesses in the real economy. Our ability to adapt and innovate to create investment products for our customers is key to our growth and success.

Downing has been raising money for, and investing in, UK businesses for over 30 years. We manage funds in excess of £1.2 billion, driven by an experienced team which now numbers around 170 staff. We raise more than £200 million a year, with the support of 25,000 retail investors who trust us to invest on their behalf.

We invest across a range of sectors and products and continue to develop our offering to ensure we are at the forefront of the industry. Downing has developed into a large and prosperous company with a fast-moving meritocratic and entrepreneurial culture. Our core values of flexibility, transparency and integrity are vital to everything we do – from the business we invest in to the people we hire.

Roles and key responsibilities

We are looking for a skilled Investment Analyst to join our busy team. The team has invested in more than 100 projects across core renewables (wind, solar, hydro), biomass, anaerobic digestion, flexible generation and battery storage. The geographic focus is both UK and North-Western Europe.

The focus of the role will be supporting transaction execution, with an emphasis on financial modelling and asset valuation.

In addition to financial modelling excellence, your responsibilities will include:

- Writing one-page investment overviews and presenting to Downing's Investment Committee.
- Contribute constructive suggestions within team discussions to ensure all deals are of the highest quality.
- Contributing to the team's origination efforts and strategy

Key skills and attributes

The ideal candidate will have the following:

- Expert financial modelling skills, including VBA
- Strong attention to detail
- Good initiative with a proactive attitude to work
- A strong analytical mindset
- The ability to work effectively within a team
- Excellent planning and organisation skills, and the ability to prioritise a busy workload
