

Life Cover policy

Optional feature for the
Downing Estate Planning Service, Downing AIM ISA & Downing
AIM Estate Planning Service

Life Cover

This document is designed to be read alongside the relevant IHT estate planning service brochure and should only be considered in conjunction with this and the terms & conditions.

Life Cover is designed to mitigate the effect of IHT from the date shares are acquired and for the first two years before IHT relief begins.

The policy covers 40% of your original gross investment upon death, subject to the conditions summarised here and in the terms & conditions document.

This is an optional cover and is subject to a charge, as set out opposite. On expiry of the Life Cover policy after two years, your cover will automatically switch to Downside Protection Cover - provided this is available at that time. (More information on Downside Protection Cover can be found in the relevant brochure.)

Please note that the maximum payout on the Life Cover policy is £100,000.

Important

The proceeds of this insurance policy are payable by Downing (as trustee) to such of your family or beneficiaries as Downing selects, taking into account the persons nominated in the application form. This should ensure that any proceeds from the insurance policy fall outside of your estate and so should not be subject to IHT. For tax implications, please refer to the terms & conditions.

For UK investors only. Information correct as at 1 December 2019.

At a glance	Life Cover
Term	Maximum of two years
Cover	40% of original gross investment on death
Maximum pay-out	£100,000 (based on a £250,000 investment)
Maximum age	Under 85 years at the investment date
Medical exclusions/ conditions	See summary overleaf. Full details can be found in the relevant terms & conditions document
Life Cover charge	2.25% p.a.* for the first two years

*The charge of 2.25% p.a. under the Life Cover policy option is calculated on the original gross investment and is allocated annually in advance.

There will be no refund of the charge in the event of death. In the case of funds being withdrawn, pro-rata charges will be rebated to reflect the new amount invested and the sum insured will be proportionately reduced. (See the brochure and terms & conditions for details.)

VAT will be added where applicable.

Joint applications are treated separately for insurance purposes, therefore, each individual can benefit from Life Cover up to a £250,000 investment.

A few things to remember

The maximum term of the policy is two years.

This policy covers 40% of your gross initial investment (including any initial Downing and adviser charges).

Insurance Product Information document

Company: Downing LLP

Product: Downing AIM Estate Planning Service

This document provides a summary of the key information on the Downing Life Cover policy. Please see the terms & conditions for full pre-contractual and contractual information on this policy.

What is this type of insurance?

Under current business relief (BR) rules, if you die less than two years after investing in the Downing AIM Estate Planning Service your estate will be liable for inheritance tax. The Downing Life Cover policy relieves your estate of any inheritance tax liability on shares that qualify for BR for the first two years of your investment.

The maximum investment covered is £250,000. The policy will, therefore, pay for any inheritance tax liability on your estate up to a maximum of £100,000. (The current rate of inheritance tax is 40%.)

What is insured?

- ✓ Death by accident
- ✓ Death by illness

What is not insured?

- ✗ Pre-existing conditions (in the five preceeding years) including ongoing medication and treatment for pre-existing conditions after the five-year period
- ✗ Terminal illnesses or life-limiting illnesses diagnosed before the application stage

Are there any restrictions?

- ! Minimum age of 18 at investment date
- ! Maximum age of 85 at investment date
- ! 40% of amount initially invested, up to a maximum of £250,000. The total life insurance amount is, therefore, capped at £100,000

Where am I covered?

- ✓ Worldwide (as long as suitable medical information is available in the event of death in a foreign country).

What are my obligations?

- Maintain your premium payment. (This is facilitated by Downing - see below.)
- Read and understand the declaration in the application form. Tick the relevant box to confirm this.

When and how do I pay?

Downing facilitates premium payments annually in advance - paid for with funds realised from your investment.

When does the cover start and end?

Cover starts from the date that BR-qualifying shares are allotted to you. The cover lasts for two years, or until you: cash in all your investments; cease premium payments; cancel in writing to Downing; or death occurs.

How do I cancel the contract?

The contract is automatically cancelled when your investment qualifies for BR; or you cash in all your investments; or you write to Downing to cancel the policy.
