Transition from ECAS to Internal Document

Florida Atlantic University

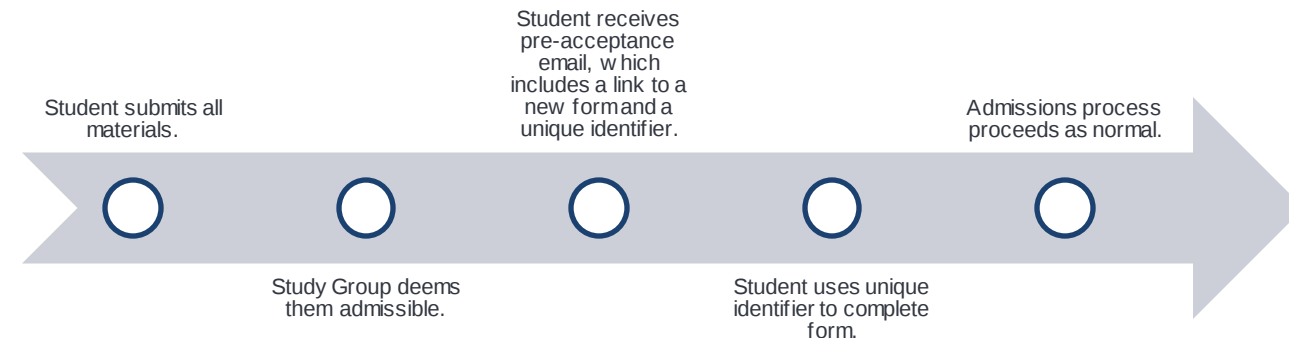

Transition from ECAS to Internal Document

An ECAS is no longer required for postgraduate admission to FAU. Students must complete a new form internal to FAU.

Florida Atlantic University has replaced its ECAS requirement with an internal application.

The process remains the same, except now students will be directed to a different link in their pre-acceptance email.

1. Student submits all materials and Study Group deems them admissible.
2. Student receives pre-acceptance email, which includes
 - a. A link to a new form
 - b. A Study Group identifier unique to the student. The identifier will begin with the letters RI
3. Student completes the form and the admissions process proceeds as normal.

What you need to complete an application:

- Your Social Security number
- You MUST check individual **program deadlines and requirements**. If you apply after the deadline date, your application will be processed for the next appropriate semester.
- Some programs require a supplemental application, interviews, personal statements, or other materials not included in the general online graduate admission application. Please contact your **graduate program** directly for additional requirements.

A social security number is not required for international students.

Note: While this form may show that a fee is requested, a fee is not required. IT is fixing this issue. The request for payment on this form should be ignored at this time.

Term

☐ Yes
☐ No

Summer intake students select "Summer 1 and 3 (May)."

Foreign Evaluation

Did you attend a university outside the U.S.?

☒ Yes
☐ No

Florida Atlantic University evaluates foreign credentials internally. Would you like to request an internal foreign transcript evaluation?

☒ Yes

☒ I acknowledge that by requesting an internal foreign transcript evaluation, my foreign transcripts MUST be received by the institution 30 business days prior to the admissions application deadline.

Disclaimer: Foreign transcript evaluations are only valid for FAU admissions.

International students select "Yes" for an internal foreign transcript evaluation.

Students should select "No" for the examination question as their scores will be uploaded with their Study Group application.
