

2025-2026 North America Program Details

20|20 16" Display Program - Customer Rebate

When a dealer places a customer order qualifying for one or more of the below products during the program dates, Precision Planting will send a rebate to the customer.

Rebate Products

- 20|20 16" display

Rebates available include

Up to \$500 per system rebate when a farmer purchases a New 16" display

\$500 Rebate – June 1 – July 31, 2025

\$300 Rebate – August 1 – November 30, 2025

- Orders must be placed during the periods of June 1, 2025 – November 30, 2025.
- All qualifying parts must be on a single order per customer using coupon code – REBATE
- The system must be registered within 30 days of the invoice date. Registration will require:
 - The serial numbers as applicable
 - An uploaded copy of the dated dealer to customer invoice with the Precision Planting order number.
 - Other information to complete the order.
 - Order number and registration are both required to fulfill rebate.
 - Rebates must be tied to a new order (dealer inventory does not qualify).
 - The rebate check will be made payable to the customer.

*Please see Page 13 for a complete list of parts that qualify for this program
