

The Signature sauna provides SoloCarbon® heating in a robust cabin design. Simple touchpad controls and entertainment features makes the Signature series a cost-effective and user-friendly sauna that supports your daily wellness routine, pain relief, weight loss or detox program.

KEY FEATURES

- Patented SoloCarbon® heating technology
- Ultra low EMF – negligible electromagnetic field emissions
- Eucalyptus timber is sourced from sustainably managed forests.
- Economical & easy to use (approx. 60c per hour), low maintenance
- Blaupunkt speakers with bluetooth connectivity
- Easy assembly using the Sunlighten patented Magne-seal™ system
- Residential five-year warranty (12 months parts & labour, plus 4 yrs parts & service support)
- Optional Outdoor cover available

**POWER REQUIREMENTS** 220-240V, 3027 watts. Maximum Amperage 15A. Sunlighten recommends all new installations adhere to AS3000 and a circuit that is RCD protected, along with a readily accessible switch. A 3m cord exists with a 15amp male plug exiting back left of roof.

Minimum clear space required at back and both sides of all our Signature saunas: x = 15cm

Minimum clear space required above sauna roof: 30cm.

For long term timber protection and to prevent warping, a timber treatment is applied to the exterior of all cabin saunas during the manufacture process. This may alter the external timber colour slightly.

**PRE-INSTALLATION CHECKLIST**

It is important to ensure there is enough space through the doors and pathways to the sauna's location in your space. Please measure any access doorway or hallway prior to purchase for easy installation.

If your sauna is being installed in a tight space, talk to your sales representative to confirm installation is possible.

In addition, please ensure any electrical works are completed prior to delivery and installation of your Sunlighten sauna. Please locate the power outlet for easy access to turn the sauna on and off at the power source after installation.

**PANELS**

Roof panel	206cm W x 143cm H x 7.5cm D
Floor panel	204cm W x 141cm H x 6.5cm D
