#### **Gospel Reflection:**

The English Evangelical pastor, John Bunyan (1628-1688) poetically described life as a *Pilgrim's Progress*. In today's age of easy mobility we are always on the go, constantly moving but often without any deep sense of purpose. In many respects our constant business can be holding us back from being all we are meant to be. Our ambitions and desires can be so short-term, narrow and superficial. Always seeking more money, or celebrity, pleasure and success, could trap us into a narrow circle. Life-pilgrims are focussed on higher targets, so that like Martin Luther King they can say: "I have a dream!" However hard to reach that dream may be, it worth striving for, quietly, day by day. Each day we build toward the goal God sets before us.

Can we see our own, personal life a pilgrimage towards God? Just as God called Abraham, so each of us is called to go on this pilgrimage. This quiet but insistent vocation to "leave your country and your father's house" can be read as a call to decency and generosity, to "leaving old ways behind," all pride and selfishness, arrogance, hard-heartedness, anger, envy or falsehood. Then the directive to "Go to the land I shall show you" would point not in a geographical but a moral direction. The divine command could be interpreted as: "Go towards charity, respect, justice, sharing in prayer and good-will. Go in the way of Jesus... and your final destination will be in heaven."

Hearing God's guidance and taking it fully to heart, made Abraham the great pilgrim of faith. He can be honoured as the patron of meaningful living. All his days were marked by listening, with openness to divine guidance. This makes Abraham "Our Father in Faith", showing us the way towards Yahweh, the living God. His spirit can mark our lives too. Far from being useless or outdated, and efforts we make to follow the way of Jesus Christ are full of meaning. Progress along this way can bring us real peace of mind.

## Parish Events:

This image captures our newly Elect, Anne Rouge and Sajad Kolahdooz. Together with their Godparent and Sponsors, RCIA Ministry Team and members of Parish Community, joined by Fr Shymon, after sharing in their presentation service to Archbishop Peter Comensoli. Continue to keep them in your prayers as they enter into deeper time of formation journeying towards the Easter Vigil.

### UPDATE ADVICE FROM THE ARCHDIOCESE ON NOVEL CORONAVIRUS.

**Holy Water:** will be temporarily removed from the doors of churches to reduce the possibility of transmission of the virus.

**Holy Communion:** \* All Ministers of Holy Communion should take particular care to wash their hands before and after distribution.

\* Only the Body of Christ, the host, will be distributed at Holy Communion.

\* The novel coronavirus is easily spread through saliva. It is therefore recommended that the Body of Christ only be administered in the hand because of the high risk of transmission if people continue to receive on the tongue.

**Rite of Peace:** When exchanging the Sign of Peace, individuals should avoid shaking hands but encouraged to say "Peace be with you" and offer a smile, wave, nod or bow.

More information about hygiene can be found at:

**Stations of the Cross** will be held on the Fridays during Lent  
**St Mary's Whittlesea – 7pm... St Joseph's Church – 7.30pm**

**The Parish Feast Day BBQ** was held on 15 February. A profit of \$569.70 was made. Even though it rained, the weather didn't dampen our spirit. We achieved this because of the very generous contributions of the committee and parishioners on the evening. Thank you to everyone involved.

**PLT MEETING.** Tuesday 10 March, Whittlesea at 7pm.

**LITURGY MEETING.** Wednesday 11 March, Parish Office at 7:30pm

### PROJECT COMPASSION. Second Week of Lent.

This week through Project Compassion we learn about Phany (pronounced Parn-ee). Struggling to earn a living as a farmer in Cambodia, Phany was forced to leave her daughter behind in the village to take up construction work in the city. Thankfully, through a Caritas funded program, Phany learned new farming techniques which enabled her to get a better yield from her vegetable crops and to conserve water in her drought-stricken region. Phany's community also took part in training in health, nutrition, hygiene and disaster preparedness, arming them with better strategies to cope with environmental changes.

Watch a short film about Phany's story. **Let's Go Further, Together!**
