isolved People Hero Community

Q: What is the isolved People Hero Community?

A: Great question! Our community is a place for you! It's a place where you'll be able to share your experiences while sourcing advice from more than 400 of your peers daily. Our new community brings together like-minded professionals to invest in each other's success and by extension, the success of your workforce.

Here's what else you can look forward to:

- Socializing with your HR and payroll peers
- Sourcing advice from fellow People Heroes
- Sharing your isolved experiences
- Cashing in points for prizes

Q: How does the community work?

A: After joining, you will be able to complete challenges that benefit you like signing up to be alerted about upcoming product releases. You'll also be able to post and collaborate in the discussion forum with more than 400 of your industry peers.

Q: I completed challenges and posted on the discussion board, I've learned a ton, now what?

A: Now you take the points you've earned and cash them in for things like Amazon gift cards and Connect discounts.

I've just set up my supervisors so that time off requests will be routed to them for their team. Supervisors will be able to see their team calendar and also approve or deny their employees' time off requests.

Within manage > tasks, the supervisor can select "+ create new." This opens a pop up so the supervisor can enter an absence or time off request for an employee. I'm thinking this will come in handy if an employee is out unexpectedly or is in such condition that they can't enter their own request from the app (i.e. injured or incapacitated in some way).

Now that you know about the community, we hope you'll join us! Click [here](#) for more details!

Growing Together

What are ways that we are helping our customers grow, and how are they helping us grow?

- **Leave a review, receive a gift!**

Submit a review on [G2](#) and [Software Reviews](#) to be entered to win a \$25 giftogram gift card.
